Trust Fund and income to be held upon trusts of deed. 2. The Treasurer shall hold the Trust Fund and the income thereof upon the trusts, and with and subject to the powers and provisions hereinafter set forth concerning the same.

3. The Trust Fund shall be designated the "deSouza Charitable Fund."

4. Subject to the provisions of this scheme, the Treasurer shall out of the annual income of the Pension Fund pay and discharge all trust expenses, and subject thereto shall pay such income and shall also pay the annual income of the Management Fund to the Managers or to their treasurer or other proper officer for the time being on their behalf by half-yearly payments, which shall, as nearly as practicable, be of equal amount, and shall be made on the 31st day of May and the 30th day of November in each year (the first of such yearly payments to be made on the 30th day of November next) to the intent, and so that all such income shall be applied by the Managers in the manner and for the purposes hereinafter mentioned.

5. All income arising from the Pension Fund and paid to the Managers under the provisions of this scheme shall be applied by them in accordance with the following provisions; that is to say,—

(a) In the first place, the Managers shall pay out of the said income to each of the persons whose names, addresses and descriptions are set forth in the first and second columns of the schedule hereto (such persons being hereinafter referred to as “the original pensioners”) a pension of such an amount and payable at such times as is shown by the particulars set opposite the name of such original pensioner in the third column of the said schedule during his life, or until he shall in the opinion of the Managers have been guilty of such misconduct as to disentitle him to receive such pension, or until he assign or charge or attempt to assign or charge the same or any part thereof, or until the happening of any other event whereby such pension or any part thereof, if belonging absolutely to him, would become vested in or payable to some other person and not be applicable for the personal benefit of such pensioner, or until the circumstances of such pensioner shall for any reason have so changed as in the opinion of the Managers to render it inexpedient that he should any longer receive his said pension, so that such pension shall cease to be payable upon the happening of such of the said events as shall first happen.

(b) If and so often as the pension payable to any married original pensioner hereunder shall cease to be payable either by reason of his death or during his lifetime by the happening of any event other than his misconduct, then the Managers shall (unless in their discretion they deem it inexpedient so to do) pay to the wife or husband of such pensioner (as the case may be) a pension of such amount not exceeding the amount of the pension payable to such original pensioner as the Managers may think fit during the life of such wife or husband, or during such shorter period or periods, either continuous or discontinuous, and upon and subject to such terms and conditions as the Managers may deem proper.

(c) So much of the said income arising from the Pension Fund as from time to time shall not, in the opinion of the Managers, be required for the payment of any of the pensions mentioned in either of the two last preceding sub-sections shall from time to time be applied by the Managers in payment of pensions or allowances to such persons for the time being resident in Calcutta, and being of any Christian religion as may from time to time be selected by the Managers. Every such pension or allowance shall be of such amount (not exceeding in the case of any one person the sum of Rs. 25 per month) as the Managers may from time to time determine, and may be made payable during the life of the recipient thereof, or during such shorter period or periods, either continuous or discontinuous, and determinable on such events, and be subject to such conditions as the Managers may in each case deem expedient. In this sub-section the expression “Calcutta” shall mean and include every place situate within the town of Calcutta, or the suburbs adjacent thereto (including Howrah); and in selecting pensioners under the provisions of this scheme, the Managers shall as far as practicable give a preference to such persons as the Managers may consider to be East Indians or of European parentage, and permanently domiciled in Calcutta. Provided that the Managers shall not be bound to make any pension or allowance determinable upon the recipient thereof ceasing to reside in Calcutta, or to cease to pay any pension or allowance upon the recipient thereof ceasing to so reside.

(d) If and so often as any pensioner (whether original or otherwise) shall by reason of bodily or mental ill-health be, in the opinion of the Managers, incapable of receiving his pension or allowance, the Managers may pay the same or any part thereof to such person on his behalf as they may think fit without being bound to see to the application thereof, or being responsible for the misapplication thereof, or they may themselves apply all or any part of such pension or allowance in such manner as they may consider to be for the benefit of such pensioner.

(e) The Managers shall at all times keep proper books, and shall cause to be entered therein the names, addresses, and descriptions of all the recipients of pensions or allowances under this scheme, and the respective amounts of such pensions and allowances, and also accounts of all monies received and expended by the Managers under this scheme, and all other matters likely to be useful for or in connection with the administration of the trusts hereof, or which may from time to time be required by the Government of Bengal to be entered in such books, and the Government of Bengal and any person appointed by them shall at all reasonable times have access to all such books and be at liberty to inspect the same and take copies or extracts therefrom.

(f) The Managers shall also at all times, both during their tenure of office and after the determination thereof, furnish to the Government of Bengal or any person appointed by such Government all such information as the Government may require in relation to the trusts hereof, or the administration thereof, or any other matters in any wise connected therewith.

(g) The Managers may from time to time make such rules and regulations (not being inconsistent with the terms of this scheme) as they may think fit with reference to the management of the income of the Trust Fund and the mode of payment of any pensions or allowances hereunder, and otherwise in connection with the administration of the trusts of this scheme, and may from time to time alter or vary the same in such manner as they may deem expedient, provided that all such rules and regulations and all alterations and variations thereof shall as soon as practicable after the making thereof be submitted to the Government of Bengal, and any rule or regulation, whether original or altered, or varied, which that Government shall consider improper or undesirable shall be forthwith cancelled.

6. All income arising from the Management Fund shall be applied by the Managers in payment of the expenses incurred by them in connection with the duties imposed on them by sub-section (e) of the last preceding clause hereof, and so that for the purposes of such duties the Managers may from time to time employ an accountant or clerk upon such terms as they may think fit, provided that the salary for the time being payable to any such accountant or clerk shall not exceed the income for the time being of the Management Fund.

7. The receipt in writing of the person acting as treasurer to or other proper officer for the time being of the Managers shall be a good discharge to the Treasurer for all monies paid to the Managers under the provisions of this scheme, and the Treasurer shall not be in any wise responsible for the misapplication or non-application of any such monies or be bound to see whether such monies or any of them are being applied in accordance with the provisions of this scheme.

8. The Treasurer may either permit the Trust Fund or any part thereof to remain in the state of investments in which it may be when the vesting order is made, or may, under direction of the Government of Bengal as provided in section 10 of Act VI of 1890, vary or transpose such investment or any future investments representing the Trust Fund or any part thereof into or for any other investment in which trust funds may for the time being be authorised by the law for the time being in force in India or in England to be invested. Provided that, notwithstanding any change of investments, the Pension Fund and the Management Fund shall, as far as practicable, be kept separate.

9. In case any preferential right to take or subscribe for any new or other funds, shares, stock or securities shall be offered to the treasurer as holder of the Pension Fund or of the Management Fund, the Treasurer may, under such direction as aforesaid, dispose of or transfer any such new funds, shares, stock or securities or the title thereto in such manner as he may be directed, and every premium or profit arising therefrom shall, as well as all interest, dividends, bonuses or other advantages payable or receivable in respect of the Pension Fund or the Management Fund, be treated as income of the fund in respect of which it shall be payable or receivable.

10. Every Association who shall for the time being be Managers under this scheme shall hold their office until—

- (a) they shall be dissolved, or
- (b) they shall, by giving notice in writing to the Government of Bengal, resign their office, or
- (c) the Government of Bengal shall, by writing under the hand of the Secretary in the General Department, certify to the effect that in the opinion of Government they have seriously and persistently failed to observe or perform the provisions herein contained with respect to the application by them of the income of the Pension and Management Funds or either of them;

and upon the happening of any such event, such Association shall vacate their office of Managers.

11. If and so often as the office of Managers under this scheme shall, by any means, be vacant, the Government of Bengal may from time to time appoint any Association which they may think fit to fill the vacant office. Provided that, if the District Charitable Society at Calcutta, who shall be the first Managers, shall vacate their office by reason of their dissolution, the Government of Bengal shall appoint as Managers in their place the successors of the said Society, if such successors shall, in the opinion of the Government of Bengal, be a charitable association constituted or organised under or in accordance with a scheme approved by the Government of Bengal; and so that in filling up any vacancy in the office of Managers, the said Government shall, as far as may be practicable, always appoint an Association constituted or organised in manner last aforesaid.

12. Any Managers who shall vacate their office under any of the foregoing provisions shall thereupon deliver all monies in their hands subject to the trusts of this scheme, and all books and papers relating to the administration of the said trusts or to any matters in any wise connected therewith to such person as the Government of Bengal may appoint for that purpose.

13. The Government of Bengal shall have power in their uncontrollable discretion to determine all questions, disputes or matters of doubt touching the construction, meaning or effect of these presents, or any clause or thing herein contained, or the rights or liabilities of any person under these presents, or otherwise howsoever in relation to the trusts hereof or arising in the execution of the trusts of these presents, and every determination, whether made upon a question actually raised or implied in the Acts and proceedings of the Government of Bengal, shall be conclusive and binding on all persons interested or claiming to be interested under this scheme.

These lists or schedules should be in duplicate and in English, and should specify in words as well as in figures the rate at which the article named in them will be delivered, and should be accompanied by a statement that the tenderers have submitted samples of the articles they tender for. Fractional parts of pies in rates will not be accepted. Rates to include cost of delivery at Madras.

5. Tenders should be accompanied by a deposit of Rs. 2 per cent. in Bank receipt or Government promissory notes as earnest money up to a maximum of Rs. 2,000, which deposit will be returned on execution of the contract deed or rejection of the tenders.

6. Tenders not complying with these conditions will be rejected.

7. The approval or rejection of tenders rests with the Inspector-General of Ordnance, who reserves to himself the right of rejecting any tender or any items in any tender without explanation.

8. Tenders will be opened at this office at 12 noon on the 19th November 1895. Parties tendering are invited to attend.

9. In the case of an accepted tender, the tenderer must be prepared to execute an agreement.

10. In the event of the party whose tender is accepted failing to take it up, his earnest money will be forfeited.

11. On failure to carry out the contract fully, it shall be competent for the Inspector-General of Ordnance to confiscate the whole or any part of the security deposit to Government at his own discretion.

12. Parties tendering are particularly requested to give their address in full.

13. Parties tendering for any of the following descriptions of hides will be required to submit not less than two samples therewith, and particular attention is directed to the specifications of such samples as shown below. It must be clearly understood that the samples represent the lowest quality of leather which the contractor can supply. Consequently no supplies can be accepted at the contract rate which are in any way inferior to the sample in their individual value. Each hide will, however, be judged by its own aggregate merits against the sample, so that a better grown hide

than sample will not be rejected on account of small blemishes not present in the sample.

Any number (not less than two) of samples of each quality may be tendered. Two only will be selected, one for retention in arsenal to govern supply, and the other to be returned to the contractor. Samples should be provided with labels showing (1) name of contractor, (2) description of hide or skin, and (3) weight.

Dated Calcutta, the 11th October 1895.

RESOLUTION.

READ—

Annual reports and accounts of the several District Road Committees and District Road Accounts in Bengal for the year 1893-94, received from the Commissioners of Divisions concerned.

Read again—

Annual reports and accounts of the several District Road Committees and District Road Accounts in Bengal for the previous year published in Part II of the *Calcutta Gazette*.

REMARKS.—The Bengal Local Self-Government Act of 1885 has been introduced into all the districts of this Province, except the following:—

Darjeeling.	Manbhum.
Hazaribagh.	Singbhum.
Lohardaga.	Sonthal Parganas.
Palamau.	Chittagong Hill Tracts.

In the first five of these districts, and in the Dalbhum pargana of the Singhbhum district, the Cess Act of 1880 is in force, while the other parganas of this latter district and the Sonthal Parganas and Chittagong Hill Tracts are not under the operations of any of the above Acts.

RECEIPTS.

2. In the districts in which the Cess Act is in force, the cess was levied at the maximum rate allowed by law, while in those districts which were not under the operations of the Act, and in which therefore there were no cess collections, funds were provided by grant-in-aid. The receipts for the year 1893-94 compared with those of the previous year are shown below:—

3. The decrease in the collection of 'cess on lands' in the Lohardaga District was owing to the cesses payable by the Maharaja of Chota Nagpur which fell due on the 28th March 1894, not having been collected until after the close of the year, while the increase in the Manbhum District was due to collections of arrears of the previous year.

4. Under 'Grant from Government' the decrease in the Hazaribagh and Lohardaga Districts was due to the fact that the Committees in those districts received Government contributions for the revaluation establishments in 1892-93, while there were no such contributions in 1893-94. The increase in the Palamau District is owing to the special grant of Rs. 13,000 given by Government for the construction of the Gurwa-Sirguja road.

6. The closing balances of the cess districts at the end of the year were more than one quarter's kists of the respective Committees, as prescribed in paragraph 9 of the Resolution No. 4228R.C., dated 18th December 1895. The heavy balances were due (1) in the Hazaribagh District partly to the large opening balance with which the year began, and partly to an unexpended balance under the head 'Original works' which could not be completed during the year owing to unavoidable reasons; (2) in the Lohardaga District, to the abandonment of the Chapka-Sirguja road; (3) in the Palamau District, to the delay in taking up the extension of the Majhiwan and Japla road and in the construction of

the Gurwah-Sirguja road; (4) in the Darjeeling District to the Committee having been allowed, in letter No. 5106R.C., dated 26th September 1892, to accumulate its balance to enable it to construct important bridges in the district without having recourse to borrowing. In the Singhbhum and the Chittagong Hill Tracts the year opened with large balances of Rs. 22,079 and Rs. 16,228, which were reduced at the close of the year to Rs. 19,094 and Rs. 12,308, respectively.

7. Of the total expenditure incurred during the year, Rs. 3,21,233 was devoted to Public Works, while the outlay under other subheads, exclusive of 'Suspense Accounts,' was small, being Rs. 23,718 only in the aggregate. The distribution of the outlay on Public Works is as follows:—

10. *Arboriculture.*—A sum of Rs. 4,349 was spent in planting and maintaining trees on road sides and in maintaining nursery gardens in the several districts, except Darjeeling, as shown below :—

In the Darjeeling District the low percentage is due to the fact that no Engineer was employed: all the Road Fund works, both original and repairs,

were executed by foreign agency. The bridges over the larger streams were put up by the Executive Engineer, Darjeeling Division, with funds supplied by the Committee, while most of the roads were repaired by the Planters of the district, and a few only by Sirdars. The sum of Rs. 470 spent under this head was for the Public Works establishment in the Terai Subdivision only. The percentages in the Palamau and Singhbhum Districts were high.

ORDER.—Ordered that a copy of this Resolution together with the annual accounts of the several District Road Funds and District Road Accounts, extracts from the reports of the Chairmen of the several District Road Committees, and remarks of the Commissioners of Divisions concerned be published in Part II of the *Calcutta Gazette*.

Ordered also that a copy of this Resolution be forwarded for information to the—

By order of the Lieutenant-Governor of Bengal,

F. J. JOHNSTONE, MEM., INST. C. ENGRS.,

Secretary to the Government of Bengal.

Abstract of the report by the Chairman of the District Road Committee of Darjeeling on the operations of the District Road Fund of the district during the year 1893-94.

Working of the Committee.—The members of the District Committee number 18. Five meetings were held during the year, the average attendance of official and non-official members being 2·2 and 6 respectively. Five meetings were held by the Terai Branch Committee during the year; the average attendance of official members in each, being 2·2 and of non-official 5·2. The usual annual repairs to the roads were carried out by non-official gentlemen in charge, whose help has been of great value to the Road Cess Department.

2. *Assessment and Collection of the Road Cess.*—The road cess was levied at the maximum rate during the year. The demand was Rs. 17,065 as in the previous year, and the actual collection amounted to Rs. 17,266-9-8, showing an increase of Rs. 201-9-8 on account of payments made in advance for the year 1894-95. The full amount of the demand was realized.

3. The contribution (Rs. 2,000) from the Darjeeling Improvement Fund was received as in previous years for the improvement and repair of the Terai roads.

4. The Government contribution of $\frac{1}{10}$ th of 12 per cent. of the collections from Government and other estates amounted to Rs. 1,894-1-1 against Rs. 1,776-15-7 of the previous year. The increase is due to the resettlements of estates.

5. The year opened with a balance of Rs. 34,410-2-11, and the current income being Rs. 21,586-5-10, Rs. 55,996-8-9 were available for expenditure. But Rs. 36,075-1-2 only were spent during the year against Rs. 42,169-15-2 of the previous year. The closing balance was therefore Rs. 19,921-7-7, the actual cash in hand being Rs. 13,631-3-3, and the unadjusted advances Rs. 6,290-4-4. The closing cash balance (Rs. 13,631-3-3) includes Rs. 10,000, which form a contribution in two instalments for the construction of a bridge over the Balasan river at Matigara.

6. *Original works.*—The total expenditure under this head was Rs. 21,387-2-9, of which Rs. 21,176-7-9 were spent on the construction of the Suspension Bridge of 400 feet over the Balasan river at Panighatta, and the balance, Rs. 210-11, on the completion of the Namsoo bridge executed by the Manager of Singballi Tea Estate. The bridge at Panighatta was constructed by the Public Works Department with funds supplied by the Road Committee. The cost of the bridge is Rs. 53 per foot run, and it has been completed and is now open for traffic.

7. *Repairs.*—The expenditure under this head on Hill roads and bridges amounted to Rs. 5,374-2-3 against Rs. 5,324-2-9 in the previous year. Rupees 6,171-3 were spent on the Terai roads and bridges against Rs. 5,074-8-5 in 1892-93. The increase is not due to any additional expenditure upon the budget grants for the year, but to adjustments of advances of previous years. The Terai Committee undertook the repair of 12 village roads, Rs. 300 being sanctioned for the purpose, but Rs. 20 only have been adjusted during the year under report. Great improvements have been effected on the roads from Darjeeling to Pulbazar and from Tukdah Glenburn to Great Rungeet.

8. *Establishments.*—In this district all the Road Fund works, both original and repair, are executed by foreign agency, there being no engineering staff under the Committee. The bridges over the larger streams are put up by the Public Works Department, with money supplied by the fund, while most of the roads are repaired by the Planters of the district, a few only being repaired by Sardars with whom arrangements are made for the purpose by the Road Cess Department. The relative expenditure on works and repairs cannot therefore be compared with the expenditure on establishment. The total cost of the Public Works Establishment in the Terai subdivision was Rs. 420 and the cost of repairing Terai roads Rs. 6,171. The percentage of the cost of establishment to the outlay on repairs in the Terai is Rs. 6·80 accordingly.

10. *Inspection of Accounts.*—The Examiner of Local Accounts audited the Accounts on the 30th May 1894.

No. 178R.C., dated Ranchi, the 13th—15th August 1894.

From—W. H. GRIMLEY, Esq., c.s., Commissioner of the Chota Nagpur Division,
To—The Secretary to the Government of Bengal, Public Works Department.

IN submitting the accompanying Annual Report and Account of the District Road Committees of this Division for the year 1893-94, I have the honour to make the following observations.

The following statement gives particulars of the strength of each of the Road Committees and of the meetings held by them during the year:—

DISTRICT.	Number of member.	Number of meetings held.	Percentage of average attendance.
1	2	3	4
Hazaribagh	24	2	27·08
Lohardaga	10	5	40·
Palamau	16	13	48·6
Manbhum	16	10	41·25
Singhbhum	10	5	52·0

In Hazaribagh the percentage of average attendance of the members dwindled from 50 to 27·08 during the year. The majority of the members who live in the interior of the district take very little interest in their duties and are deterred from coming to meetings by the distance, risk, fatigue and expense of the journey to head-quarters. In Palamau there has been a decrease of 4·4 per cent., which is principally due to the fact that most of the members live at long distances from head-quarters. In Lohardaga, Manbhum and Singhbhum, there has been a slight improvement on the figures of the previous year; but the attendance is by no means what it should be, and the charge of lack of interest is not confined to Hazaribagh.

The two branch Committees of Giridih and Gobindpur held four and two meetings respectively, during the year.

The cess was levied in all the districts of the Division at the maximum rate allowed by law, and the following table compares the receipts, disbursements and closing balances in each of the several Road Committees in the Division during the past two years:—

	Hazaribagh.		Lohardaga.		Palamau.		Manbhum.		Singhbhum.

In Hazaribagh there has been a falling off in the receipts under the heads of 'Miscellaneous receipts' and 'Grant from Government,' while in Lohardaga there has been a falling off under these two heads as well as under the head of 'Cess on lands.' The decrease under the head of 'Miscellaneous receipts' in both the districts of Hazaribagh and Lohardaga is due to ordinary causes, while that under the head of 'Cess on lands' in Lohardaga is due to the fact that the cesses payable by the Maharaja of Chota Nagpur fell due on the 28th March 1894, and consequently could not be collected during the year. In the two districts of Manbhum and Singhbhum the balance at the close of the year approximated the limit of one quarter's income prescribed in paragraph 9 of Government Resolution No. 4228R.C., dated the 18th December 1885. In Hazaribagh, Lohardaga and Palamau, the accounts closed with heavy balances, especially in Palamau where more than 85 per cent. of the year's income remained unexpended. The heavy closing balance in the district of Hazaribagh is partly due to the large opening balance with which the year began, and partly to an unexpended balance under the head of 'Original works,' which could not be completed during the year owing to unavoidable reasons. In Lohardaga the balance is due to the abandonment of the proposal for the construction of the Chapka-Sirguja road, and in Palamau to the delay in taking up the extension of the Majhiwan-Japla road. Steps have been taken to utilize more fully the funds available at credit of these Road Committees during the current financial year.

The following table gives particulars of income excluding the Suspense Accounts of each of the Road Committees in the Division, the expenditure on original and repair works, the

establishment employed for these works, and the relative expenditure on works and repairs compared with the expenditure on establishment, &c:—

DISTRICT.	Revenue.	AMOUNT SPENT ON WORKS.			Expenditure on account of establishment employed on works.	Total expenditure on works including the cost of establishment employed on them.	Percentage of the cost of establishment on the amount actually spent on works.	Percentage of total expenditure on works including establishment on the Revenue.

Lohardaga	42,910	2,171	31,238	33,409	7,439	40,848	22.2	95.1

Total	2,22,124	15,166	1,24,042	1,39,208	30,403	1,69,611	21.8	76.3

The percentage of expenditure on account of establishment, &c., was high in the districts of Palamau and Singhbhum, being over 25 per cent. of the amount spent on works.

The expenditure on works in Palamau was very small, and this may be attributed to the lateness of the appointment of the District Engineer, who did not join the district until the 18th September 1893.

Original Works.—In Hazaribagh the only original works completed during the year, consisted of the construction of an inspection bungalow at Dudhimati on the Gola-Dakagarha road at a cost of Rs. 399, and a pukka well at Jabna on the Balumath-Sherghatty road at a cost of Rs. 120. The sinking of two wells was also taken in hand during the year. In Lohardaga the Road Cess Committee had provided Rs. 10,500 in the Budget Estimate of the year for the construction of a road from Chapka to the boundary of the district towards the Political State of Sirguja, but this project had subsequently to be abandoned on account of insufficient funds. A survey of the road was, however, made, and drawings prepared for a portion of the road at a cost of Rs. 1,156. The project was never approved by me, being on far too large a scale, and I have, however, pointed out to the Road Committee that a large expenditure is not really required for this road. All that is necessary is to mark it out, level the surface, and to take up a certain portion of the road each year until the whole is completed. Most of the country roads are made in this way at no great expense, owing to the natural hardness of the soil. In this way the cost will not be great. A sal wood railing, 120 feet in length, at the approaches of the Pandra bridge on the 4th mile of the Ranchi-Lohardaga road was constructed during the year at a cost of Rs. 159. Further, a sum of Rs. 856 was spent in sinking wells and improving the water-supply in selected villages in the interior of the district. In Palamau, a 20 feet bridge on the 14th mile and two small diversions on the 31st and 38th miles of the Daltonganj-Sherghatty road were constructed during the year at a cost of Rs. 2,049. A certain portion of this road was practically reconstructed, so that it is now passable for carts and wheeled traffic up to the borders of the district of Hazaribagh. Two small pukka culverts were also constructed on the 15th and 21st miles of the Daltonganj and Maharajanjan road, the former at a cost of Rs. 423, and the latter at a cost of Rs. 219, during the year. Apart from these, a staging bungalow at Manka on the 26th mile of the Daltonganj-Ranchi road was constructed at a cost of Rs. 599. The construction of a road, 32 miles in length, from Garwa towards the Political State of Sirguja, and the extension of seven miles of the Majhiwan-Japla road (Hossienbad-Gaya road) were also taken in hand during the year, but could not be completed, owing to the District Engineer being appointed so late in the year. A sum of Rs. 656 has been spent in making a preliminary survey of these roads. In Manbhum, the metalling of the Purulia Station roads at a cost of Rs. 472, the construction of an approach road to the Ramkanali Railway station at a cost of Rs. 261, and the construction of a feeder road to the Bengal-Nagpur Railway, eighteen miles in length, from the Balrampur Railway station to Bagmundi, were the only original works undertaken during the year. The estimated cost of the last mentioned work is Rs. 17,056, but no more than Rs. 3,500 could be provided in the year's Budget Estimate. The total outlay during the year on this work amounted to Rs. 1,652. The road passes through the temporarily-settled Government estate of Mahta, and a contribution of Rs. 2,500 has since been made from the Land Improvement Fund under the disposal of the Board of Revenue. The road passes through jungles and over hills, and when complete will open out a large tract of the country which is still very backward. In Singhbhum the principal items of original works executed during the year were the gravelling of the heavy portions of the Chaibassa-Bend road, the Chaibassa-Amda road, the Chaibassa-Jyntgurih road, and the Chakradharpur-Koksinga road at a cost of Rs. 3,168. The construction of a masonry bridge at Ghatsilla on the 51st mile of the Chaibassa-Bend road and the Subarnarekha ghat cutting on the Chaibassa-Subarnarekha road were also taken in hand during the year. The total outlay on these works amounted to Rs. 1,500 and Rs. 986 respectively.

Repair Works.—In Hazaribagh 34 miles of metalled, 65 miles of gravelled, 402 miles of fair weather, and 152 miles of village roads were maintained at a total cost of Rs. 38,523. In Lohardaga 454 miles of district roads, including three miles of the petty Sadar station roads and 152 miles of village roads, were maintained at a cost of Rs. 29,436. In addition to these nearly 100 miles of village tracks were improved with the assistance of villagers and under the supervision of the department. In Palamau 284½ miles of class III and 21 miles of class II roads were maintained at a cost of Rs. 9,360, while a sum of Rs. 518 was spent towards the improvement of village roads in the district. Besides these, a masonry bridge on the 13th mile of the Daltonganj-Ranchi road was repaired at a cost of Rs. 603. In Manbhum the 59 miles of the two Provincial roads under the charge of the Road Committee were maintained at a cost of Rs. 9,600. These roads were taken over by the Road Committee on the 1st April 1893. Of the District roads, 2½ miles of class I, 199 miles of class II, 127 miles of class III, and 75 miles of class IV roads were maintained at a total cost of Rs. 27,731. The repair works were restricted to the maintenance of the road surface, repairs to bridges and culverts, and to inspection bungalows. In Singhbhum eight of the district roads, aggregating 273½ miles, were maintained at a cost of Rs. 3,216, viz., Rs. 675 in gravelling, Rs. 332 in repairing 12 culverts and bridges, and Rs. 2,209 on earthwork. Ten class-V roads of 156 miles in length were also maintained at a cost of Rs. 919. Besides these, five of the village roads, aggregating 51 miles in length, were maintained at a cost of Rs. 135. A grant of Rs. 10,000 is annually made by the Government to the Road Committee of Singhbhum for the construction and repairs of the District roads.

Arboriculture—In Hazaribagh 4,471 existing trees were maintained and 387 new ones were planted during the year at a cost of Rs. 682. Besides this, there is a nursery garden containing 1,580 plants of various sorts. In Lohardaga 1,189 new plants of several kinds were planted along roadsides during the year. A nursery was also kept up at Ranchi where 881 seedlings were raised. There was another small nursery in the compound of the Road Cess bungalow at Lohardaga where 95 plants were grown. The total expenditure under this head amounted to Rs. 1,802. In Palamau over 1,400 roadside trees were maintained during the year. New seedlings were planted in place of those which either perished or were destroyed by cattle, and a sum of Rs. 100 was spent in providing new gabions for the protection of these trees. A small nursery was started during the year and the two nurseries, including the old one, are said to have been well stocked with choice young seedlings under the personal supervision of the Deputy Commissioner, Mr. Bright. In Manbhum four miles of the Chass-Goolbera road were under tree plantation and 123 young trees were maintained and 426 new ones planted. Two nurseries were also started in the compounds of inspection bungalows, each with 500 seedlings. In the Purulia-Barakar road 14 miles were under tree plantation and 100 trees were established, and 1,110 young trees newly planted. For the District roads a nursery was opened in the compound of the Jubilee Town Hall containing 1,000 seedlings of indigenous and exotic plants. The total expenditure on arboriculture was Rs. 1,847, viz., Rs. 297 from the District Road fund, and Rs. 1,550 from the Provincial Funds. In Singhbhum 976 young trees were planted on the first four miles of each of the Chaibassa-Subarnarekha, the Chaibassa-Bend and the Chaibassa-Jyntgarh roads. These trees were provided with gabions of stone and earth and were generally well protected. The total expenditure under this head amounted to Rs. 375.

The District Engineer of Palamau joined his appointment in the district on the 18th September 1893. The District Engineers of all the districts and their subordinate establishment are reported to have worked satisfactorily.

Abstract of the Report of the Chairman of the District Road Committee of Hazaribagh on the operations of the District Road Fund of the district during the year 1893-94.

Working of the District Road Committee.—There was no change in the personnel of the Committee. Two meetings were held during the year under report, in both of which quorums were obtained. The average attendance was 6·5 against 12·0 in the previous year. The low average is due to want of interest on the part of most of the members.

2. *Working of the Branch Committee.*—There is only one Branch Committee in this district, viz., at Giridih. Four meetings were held by the Branch Committee during the year, and the average attendance was 3, against 4·2 in the previous year.

3. During the year under report, the road cess in this district was levied at the maximum rate prescribed by law.

4. The demand for Road Cess on lands and mines during the year was Rs. 55,932, against Rs. 54,715 in the previous year. The increase of Rs. 1,217 is chiefly due to revision of assessments of mines and other immovable properties under chapter V of the Cess Act.

5. During the year 7 new mines, &c., were assessed and the assessments of 39 old mines, &c., were revised.

6. The total demand of the district, including the arrears of Rs. 1,890 outstanding at the close of 1892-93, amounted to Rs. 57,822, against Rs. 56,474 in the previous year. Out of this demand, Rs. 55,836, including Rs. 1,423 previously paid in advance for the year 1894-95, were collected during the year, against Rs. 54,584 in the previous year, leaving a balance of Rs. 1,986, against Rs. 1,890 in the year preceding. In addition to the above, a sum of Rs. 1,754 was collected as advance for future years.

7. The percentage of arrear collections on arrear demand was 98·80 and that of current collections on current demand 96·48, against 99·37 and 96·56 respectively in the previous year.

8. Of the arrears outstanding at the end of the year, Rs. 1,928 were due from revenue-paying estates, in which the last instalment was payable on the 28th March 1894, for recovery of which no coercive measures could be adopted within the year.

9. *Original Works.*—The construction of an inspection bungalow at Dudhimati on the Gola and Dekagurra road at a cost of Rs. 399 and the sinking of a well at Jubra on the Balumath and Sherghati road at a cost of Rs. 120 were the only original works executed during the year. The total outlay under this head amounted to Rs. 519, against Rs. 1,320 in the preceding year. Under this head provision was made for sinking two pukka wells and for constructing three small rest-houses or inspection bungalows. Both wells were commenced, but rocky soil having been met in both they could not be completed during the year. The three rest-houses or inspection bungalows could not also be constructed within the year owing to certain additions and alterations suggested by the Superintending Engineer, the final adoption of which caused some delay.

10. *Repairs to District Roads.*—There are altogether 46 lines of road in the district. Out of these, repairs were executed on 35 roads aggregating 501 miles in length during the year under report at a cost of Rs. 30,241, against Rs. 25,720 spent on 35 roads with a mileage of 528 miles in the preceding year. The following table compares the outlay on each kind of road during the years 1892-93 and 1893-94 :—

17. There is only one Road Cess staging bungalow in this district, viz., at Ramgurn. The income from it during the year was Rs. 77, against Rs. 87 in the previous year, and its maintenance cost Rs. 263, against Rs. 255 in the year preceding. There is also only one cart sarai in this district, viz., at Bagodar on the Grand Trunk road. HAZARIBAGH,
The 28th May 1894.

C. H. GARRETT,
Chairman.

Abstract of the Report by the Chairman of the District Road Committee of Lohardaga on the operations of the District Road Fund of the district during the year 1893-94.

Working of the District Road Committee.—The attendance of the non-official members of the District Road Committee during the year under report was unsatisfactory; for out of six non-officials, one attended three and three two meetings, one resigned, and one did not attend six consecutive meetings. Out of the five meetings held during the year under report, three were special and two ordinary meetings, one ordinary meeting having been adjourned for want of a quorum.

2. The demand on account of cess on lands and mines during the year including arrears of last year amounted to Rs. 49,035, of which Rs. 41,672 was collected within the year, leaving a balance outstanding at the close of the year of Rs. 7,363. The whole of the balance fell due on the 28th March 1894, but could not be realized within the year.

3. *Original Works.*—Provision was made in the budget for Rs. 10,500 to meet the cost of a road from Chapka to the boundary of the district towards Sirguja State, but the proposal for carrying out the work was subsequently abandoned. A survey was, however, made, and drawings prepared for a portion of this road. Salwood railings 120 feet in length were constructed at the approaches of the Pandra bridge on the 4th mile of the Ranchi-Lohardaga road.

4. *Repairs.*—The several roads in the district (454½ miles in length) were maintained in passable condition by surface repairs, patch repairs to, and in some cases, renewal of, gravelling, and renewal or petty repairs to temporary bridges and culverts.

5. *Village roads, 152 miles.*—Ten miles of road were constructed in place of village tracks; two miles gravelled. Several temporary bridges were constructed. Over 145 miles of roads were kept passable by petty repairs. Besides the above, nearly 100 miles of village tracks were improved and made passable for carts during the cold weather with the help of the villagers under the supervision of the Department.

6. *Arboreal culture.*—1,189 seedlings of kuranj, mango, jack, jamun, teak, mahogany and toon were planted in order to fill up the vacancies, in planting along 2½ miles of new lengths to have a continuous line of plantation from end to end of each road. All the roadside trees were trimmed, and they were maintained throughout the year: 1,392 large dellas (bamboo gabions) of approved type were supplied for the protection of plants, besides 1,633 dellas of ordinary kinds. A nursery has been kept up at head-quarters, and plants of mahogany, teak, mango, jack, mahua, karanj, sal, peepul, jamun, bur, and tamarind, 881 in number, were raised during the year. A small nursery was made in the compound of the Lohardaga bungalow, where mahua, kuranj, and jack plants numbering 95 were grown.

7. *Staging bungalows.*—The thatched roofs with bamboo framings of the staging huts at Jamchua, Bhandra, and Gamaria, were replaced by tiled roofs with salwood battens. Out-houses to the staging huts at Jamchua and Bhandra were also constructed. Petty repairs were done to the Road Cess office bungalow and godown, two inspection bungalows and six huts.

8. *Sanitation.*—Twelve natural springs (*daris*), from which the people of this district generally get their supply of drinking water, were improved by protecting them with masonry walls at Opa, Karra, Bhandra, Bero, Nagri, Dehkela, Muruchkel, Kuru, Jamchua, Taimara, Rahey, and Anandi. Repairs were done to the well in the Karra thana compound.

9. *Establishment.*—The establishments under the Road Cess Act are:—

- (a) Establishment for collection of revenue.
- (b) Committee's office establishment.
- (c) Engineering establishment.

The establishment for the collection of revenue consists of one Head-clerk and Accountant, one assistant clerk, and one peon. These officers also do the work of the Committee's office for which there is no separate establishment, as the Committee cannot afford to pay for a separate establishment for their office out of their small income. The several establishments employed under the Committee worked satisfactorily.

10. *Accounts.*—The accounts of the year were duly examined and audited by a Sub-Committee consisting of the Chairman, Vice-Chairman and two other English-knowing members of the Committee. The monthly accounts of the Road Fund and of the District Engineer's office were also examined by the Vice-Chairman, Chairman and two other English-knowing members of the Committee who were appointed for the purpose.

11. The Local Auditor inspected this and the District Engineer's office on the 20th November 1893, and the result was very satisfactory.

NUNDO LAUL CHATTERJI,
Accountant.

C. F. MANSON,
Vice-Chairman.

C. CUTHBERTSON,
Chairman, Dist. Road Committee.

Abstract of the Report by the Chairman of the District Road Committee of Palamau, on the operations of the District Road Fund of the district during the year 1893-94.

Working of the District Road Committee.—Thirteen meetings of the District Road Committee were held during the year, in all of which a sufficient number of members was present to form a quorum. The members residing in and nearer to the head-quarters station were more regular in their attendance than those living far off. The average attendance of the members was 7·3, against 7·5 in the preceding year.

2. *Working of the Cess Act.*—The Road Cess was levied, at the maximum rate of half an anna in the rupee both on the annual value of lands and on the annual net profits from mines. The demand on account of cess on lands and mines during the year was Rs. 21,788. The decrease of Rs. 48 is owing to the cancelment of the assessment of the Dihri coal mine sanctioned by the Board of Revenue in their letter No. 187A. of the 14th April 1894, and the reduction of cess assessment regarding the two newly-cultivated pieces of land and the Koa and Kuth mahals in the Palamau Government Estate, sanctioned by the Board in their letter No. 391A., dated the 6th September 1893. As the order of the Board reducing the cess took retrospective effect from the beginning of the year 1892-93 under section 37 of the Act, the arrears noticed in the report for that year also decreased by Rs. 48. Thus the current demand Rs. 21,788 plus the reduced arrear demand Rs. 3,248 gave a total of Rs. 25,036 for realization during the year 1893-94. Of this amount Rs. 22,687 (including Rs. 612 previously paid in advance) were collected, leaving a balance of Rs. 2,349 at the end of the year. A further sum of Rs. 782 was collected on account of advance for future years. Out of the balance of Rs. 2,349, a sum of Rs. 966 is due from the Deputy Commissioner of Lohardaga for Road Cess due from the portions of the Chota Nagpur Estate situated within the local jurisdiction of Palamau. The remaining arrears are due from the Jagirdari Estates, which are never in the habit of paying cesses on due dates and until certificates are enforced, and as these amounts were on account of the March instalment, no steps could be legally taken for their recovery within the year.

3. The income of the Committee for the year was nearly double of that of the preceding year owing to the following reasons:—

- (1) The large outstanding arrear cess of the preceding year being all realized within the year 1893-94.
- (2) No grant from Government was received in 1892-93, whereas Rs. 14,448-5-4 was received during 1893-94. This amount includes a special grant of Rs. 13,000 for the construction of a new road from Garhwa, the principal trade mart of the district towards the Political State of Sirguja. The remaining amount was on account of contribution towards the pay of the Cess Collection Establishment and of the District Engineer and for the repairs to the Public Works Department buildings.

4. The expenditure in 1893-94 was Rs. 19,801 (excluding advance and deposits), against Rs. 8,499 in the preceding year. The increase is due to a greater amount being spent on Public Works Establishment and on works and repairs. In 1892-93 no original work could be done owing to the causes mentioned in the previous year's report, whereas Rs. 4,046 was spent in 1893-94. The expenditure on repairs in 1892-93 was only Rs. 3,830, whereas Rs. 9,360 were spent in 1893-94. Besides these items, the expenditure of both years was very much the same, and therefore requires no comment.

5. *Original work.*—The following original works were completed during the year at a cost of Rs. 4,046-5-10, against the Budget allotment of Rs. 27,508:—

- (1) Construction of a 20-feet bridge with timber roadway on the 14th mile of the Daltonganj (towards Sherghatty) road at a cost of Rs. 1,162-2-3. The bridge is of rubble stone masonry in lime mortar, with roadway of 4" planking supported on sal beams 13" x 9" in section and pukka flooring and curtain wall.
- (2) Construction of two small diversions on the 31st and 38th miles of the above road to improve the alignment. The 1st diversion is 19 chains and the 2nd 9 chains in length. The costs of these diversions were Rs. 742-11-10 and Rs. 144-4-7 respectively.
- (3) Construction of an 8-feet pukka culvert on the 15th mile of the Daltonganj-Maharajganj road at a cost of Rs. 422-13-6. The abutments are of rubble stone masonry in lime mortar and the roadway of 4" sal planking supported on sal beams; width of road 18 feet, and width of roadway over culvert 12 feet clear.
- (4) Construction of a 7-feet pukka culvert with timber roadway on the 21st mile of the above road. This work was not finally paid for within the year owing to certain defects in the masonry. The details of this culvert are precisely the same as those of the 8-feet one mentioned above.
- (5) Construction of a staging bungalow at Manka on the 26th mile of the Daltonganj-Ranchi road at a cost of Rs. 598-14. The accommodation consists of two rooms 16' x 16' and two bath-rooms 8' x 6' with a verandah in front.

Besides the above the following original works were taken in hand during the year:—

- (6) Construction of a new road from Garhwa towards the Political State of Sirguja, 32 miles in length.

(7) Extension of the existing Majhiaon-Japla road to the border of the district (7 miles).

The preliminary surveys and levels for the former road were taken up shortly after the newly appointed District Engineer joined his post on the 18th September 1893. The plans and estimates of the 1st section of the Garhwa-Sirguja road were sanctioned by the Commissioner in his letter No. 387R.C., dated 11th January 1894, and by Government in Public Works Department letter No. 1251L.C., dated the 4th March 1894. A special grant of Rs. 13,000 was given during the year by Government for the construction of this important road. This work had only been just started when the year closed. The surveys and estimates for the extension of the Japla road were prepared by the late overseer and forwarded for sanction, but they were returned for revision, a small part only having been approved. The surveys and levels for this extension were completed in February 1894, and the Commissioner's sanction to the project is awaited.

6. *Repairs.*—Of the 305½ miles of fair weather roads in the district, 284½ miles are of class III and 21 miles of class V. The sum expended in executing repairs to class III roads amounted to Rs. 8,841-10-4 out of a Budget grant of Rs. 9,750 and a sum of Rs. 517-14-8 was spent in improving class V roads out of a Budget allotment of Rs. 700. Thus the total expenditure on the III and V class roads during the year amounted to Rs. 9,359-9, or an average of Rs. 30-10-3 per mile of road. The principal items of work executed in repairing the roads are:—

- (1) Executing surface repairs and maintaining road surface in fair order.
- (2) New drain cutting to improve drainage of roads, especially on steep grades.
- (3) Easing down a few of the steep approaches to beds of unbridged streams.
- (4) Rebuilding temporary jungle wood culverts which had collapsed, or were washed away.
- (5) Repairs to pukka culverts including renewing rotten beams and planking.
- (6) Pruning roadside trees, dishing the earth at their bases, and otherwise maintaining them in fair order and putting new and improved gabions to trees.
- (7) A pukka bridge of 3 spans of 16-feet each on the 13th mile of the Daltonganj towards Ranchi road had its rotten beams and plankings renewed at a cost of Rs. 603.

7. *Village roads.*—There was an allotment of Rs. 700 under this head, out of which Rs. 517-14-8 was spent in executing earthwork in drains and reducing the grades of 8 miles of road which may now be considered as IV class road.

8. *Staging bungalows.*—A sum of Rs. 170-7-5 was spent in executing repairs to the staging bungalows at Daltonganj, Chandwa and Kajree out of a budget grant of Rs. 300 for works under head “staging bungalow, petty constructions and repairs.”

9. *Arboriculture.*—There are over 1,400 roadside trees, which were maintained during the year, besides planting out a few hundreds of new seedlings to fill up vacancies in the lines of trees already planted. As the roadside trees were in want of efficient protection from cattle, the operations of the year were directed chiefly towards providing substantial bamboo gabions and brushwood fences, with a view to protect the trees already planted, instead of planting out more trees on the roadside unprotected. The sum spent in providing new gabions was Rs. 100-6. There is a number of young seedlings in the nurseries of mango, jamoon, kermains, &c., and as soon as the present trees are properly protected and the seedlings are large enough, they will be planted out. Many of the roadside trees have been badly damaged by grazing.

10. *Nursery.*—The existing nursery was maintained and a small one started during the year. A number of seedling mangoes of good seeds were planted, and a number of kermains and asok seedlings have been put down from seeds falling from trees in the garden of the Chairman, who has personally taken a good deal of interest in the matter, and the nurseries are now well stocked and well looked after.

11. *Public Works Establishment.*—The following statement shows the relative expenditure on works and repairs compared with the expenditure on establishment.

YEAR.	Amount spent on original works.	Amount spent on repairs.	Total expenditure on original works and repairs.	Expenditure on account of establishment employed.	Percentage of the cost of establishment on the amount actually spent.

12. *Accounts.*—The accounts of the Committee's office are kept under the direct supervision of the Chairman. These accounts, as well as those of the District Engineer's office, were audited monthly by the Standing Sub-Committee consisting of the Vice-Chairman and two other English-knowing members. The accounts up to the month of September 1893

were twice inspected during the year by the Local Auditor in the month of October 1893 and by the Examiner of Local Accounts in February 1894, and on both occasions the result was found to be satisfactory.

Abstract of the Report by the Chairman of the District Road Committee of Manbhum on the Operations of the District Road Fund of the District during the year 1893-94.

1. *Working of the Cess Act IX of 1880.*—The outstanding balance of the year 1892-93 was Rs. 24,199, and the demand for 1893-94 was Rs. 68,831, against Rs. 19,998 (outstanding balance) and Rs. 67,628 (demand) respectively for the previous year. There was an increase of Rs. 1,203 in the demand on account of assessment of certain coal mines and quarries newly opened. The collections for the year were Rs. 87,210, including Rs. 3 collected in advance on account of future years, against Rs. 63,487 in the previous year, showing an increase of Rs. 23,723. The percentage of total collection on the total demand is 98.75. The gross outstanding balance of the year was Rs. 5,813, of which Rs. 47 have been remitted by order of the Commissioner. The revaluation work of eight revenue-paying estates was completed in July 1893, but there are still some cases pending on appeal before the Commissioner. The total amount of cesses leviable under the revaluation of these estates is Rs. 17,467-6, against Rs. 13,270-6-6 under the former valuation, there being an increase of Rs. 4,196-15-6 only. The recent revaluation will take effect from the year 1894-95.

2. *Working of the Committee.*—During the year the committee held 10 meetings for the transaction of business, and at all of them a sufficient number of members was present to form a quorum.

3. *Working of the Branch Road Committee at Govindpur.*—Mr. N. Warde-Jones, Sub-divisional Officer of Govindpur, was Chairman of the Branch Road Committee. The Committee held two meetings during the year for the purpose of selecting contractors for road works and for passing estimates for the Chirkoondah-Patlabari road.

4. *Original Works (a) Communications.*—The total expenditure under this head during the year was Rs. 2,385, of which Rs. 733 was for works executed and provided for in the previous year, and the remainder, Rs. 1,652, was the expenditure actually incurred during the year towards the construction of a third class road from Balrampur, a station on the Bengal-Nagpur Railway, to Bagmoondi. This road is one of the feeder roads to the Bengal-Nagpur Railway, and when completed, will open out a large tract of country which is still very backward in the matter of communications. The estimate, amounting to Rs. 17,056, was sanctioned in April 1893 (*vide* Government of Bengal, Public Works Department letter No. 2267C., dated the 11th April 1893), and the work was taken in hand almost immediately afterwards, especially to give employment to the labouring class of people in the locality, who were in some distress owing to failure of previous year's rice crops. The budget grant for the work was Rs. 3,500 including an expected contribution of Rs. 2,500 from Government, which however, was not received during the year. Out of the total estimated quantity, 2,900,000 cubic feet, of earthwork, 739,000 cubic feet were executed during the year. This road is in incomplete condition still, but is already practicable for country carts the whole length.

5. *Repairs.*—(a) *Communications.*—*Provincial Roads.*—A length of about 59 miles of Provincial Roads of which 42 were metalled and 17 kutcha, was made over to the District Road Committee at the beginning of the year and the Government grant for their up-keep was Rs. 13,000, out of which Rs. 9,600 were actually spent within the year, being Rs. 7,812 for the 42 miles of the metalled roads and Rs. 1,788 for the 17 miles of kutcha road as per details given below:—

Chass-Goolbere road (kutcha) ...	17	1,450	97	241	1,788	85	6	14	105

In addition to maintaining both these roads in proper condition, the following improvements deserve to be noticed:—

(1) *Purulia-Barakar Road.*—The whole of the 5th mile including the south approach to the Damodar, half of the 8th mile, and the whole of the 34th mile were remetalled. The roof of the inspection bungalow at Raghunathpur was taken up for renewal, with an improved timber framing, at an estimated cost of Rs. 1,591, but work was not completed within the year, chiefly owing to difficulty in procuring good timber. The roof of the out-house of

this bungalow was also thoroughly overhauled and the building otherwise improved. The roof of the Jhapra bungalow (at the beginning of the 32nd mile) got blown down and was renewed. A 9" pipe drain was put across the road in front of the Inanpur bungalow (middle of 9th mile) for facility of irrigation.

(2) *Chass-Goolbera Road*.—The approaches to the Singari *nala* in the 1st mile, the Ijree river in the 5th mile, and the Gowain river in the 11th mile were eased down and improved by stone metalling and gravelling and stone pitching in side drains. The roof of the Pirrajurrah bungalow in the 10th mile was renewed, the old out-house thoroughly overhauled, and a new separate cookshed built. Two 18" drain pipes were put in—one in the 13th mile and one in the 15th mile—partly for irrigation purposes and partly for removing obstructions in natural drainage.

District Roads.—The total expenditure on repairs on District Roads of all classes was Rs. 27,731, against a budget grant of Rs. 39,535. Both these amounts include payments on account of works provided for and executed during the preceding year. The actual expenditure on works done during the year under report was Rs. 18,488 against a budget grant of Rs. 29,294. A detailed statement of the expenditure under this head on the several roads according to their classes is given below:—

From unavoidable circumstances all the works actually executed were not paid for within the year. The mileage rates are therefore not strictly correct, as a fairly large sum of money due for works actually executed remained unpaid at the close of the year, but this is almost counterbalanced by payments made during the year for works executed in the preceding year. The works executed were almost entirely restricted to the maintenance of the several roads and petty improvements to road surface and approaches to unbridged *nalas*. Besides these the following improvements have been effected:—

Three and a half miles of the Balorampur-Burrabazar road and six miles of the Jhapra Govindpur road were gravelled, several banks and approaches to unbridged *nalas* in the latter half of the Raghunathpur-Hazaribagh road were improved with earthwork. In the muddy places of the Huramanbazar road gravel work was done, and several banks and cuttings restored. The Jhalda-Torung and Jargo-Bagmoondi roads were much improved by earthwork, improvement of banks and cuttings, construction of temporary stone culverts and causeways, gravel work in muddy places, diversion of drainage, and easing down of approaches to unbridged nullahs.

(b) *Buildings*.—The cart Serais in some of the roads are the only buildings in charge of the Committee, besides the inspection bungalows and rest-houses on the several roads. There are altogether 20 Serais of which 10 were maintained by the farmers. Nothing was done to the others during the year under report as they were originally in fair conditions. A sum of Rs. 563 was paid during the year for repairs to these, executed during the previous year—

(c) Sanitation ... } Nothing was done under these heads.
(d) Miscellaneous ... }

6. *Arboriculture*.—The only work done from District Road Funds under this head was the starting of a nursery containing 1,000 seedlings of indigenous and exotic plants in the compound of the Jubilee Town Hall, and maintaining 75 young trees in and around it. Part of the cost of the nursery was defrayed out of Provincial grants, as young trees from the nursery are meant for transplantation in Provincial as well as District Roads. The total expenditure incurred under this head out of District Road Funds was Rs. 297. Besides the above, altogether 2,422 trees (all established) in the several Station roads were trimmed and generally taken care of. In the Provincial roads under the Committee a fair amount of work was done. Four out of the 17 miles of the Chass-Goolbera road are under tree plantation. In this portion 123 young trees were maintained and 426 planted and taken care of. Two nurseries, each containing 500 seedlings, were also started in the compounds of the two inspection bungalows on the road. In the Burrakur-Purulia road altogether 14 out of the 42 miles are under tree plantation. In this portion there were altogether 895 established and 396 young trees at the beginning of the year, when the road was

made over to the District Road Committee. All these were carefully maintained and taken care of, and several young trees were planted. When the last count was made, there were altogether 995 established and 1,506 young trees, showing an increase of 100 established and 1,110 young trees, the result of the year's work. Of the young trees there are about 300, which are under 3 feet in height. All these were 3 feet or upwards when planted, but the stalks dried up after transplantation and new leaves began to sprout from lower down. The total expenditure from Government grant under this head was Rs. 1,550.

9. *Working Establishment.*—There has been no change in the Executive establishment of the Committee during the year under report. Besides the above, the services of a Public Works Department sub-overseer were placed at the disposal of the Committee to look after the works of the two Provincial roads lately transferred.

The statement below shows the budget grant and outlay under each head for the year under report and the year preceding—

NUNDOLAL GHOSH,
NILKANTHA CHATTERJEE,

Members of the Committee.

PURULIA,

The 5th July 1894.

D. BASU,

Vice-Chairman, District Road Committee.

Abstract of the report by the Chairman, District Road Committee, Singhbhum, on the District Road Fund operation of the District for the year 1893-94.

1. *Working of the District Road Committee.*—There were five meetings of the Committee held, in all of which a sufficient number of members was present to form a quorum. The percentage of average attendance during the year, was 52 against 48 in the previous year. The resident members of Dhalbhum did not as a rule take much interest in the administration of the District Fund, and most of them never attended any of the meetings held during the year. It was therefore under contemplation to reconstitute the Committee and to bring in some new members in place of those who apparently failed to take any interest in matters pertaining to Road Cess.

2. *Working of the Cess Act.*—The Road Cess was levied in the District at the maximum rate of half anna in the rupee, both on the annual value of lands and net profits from quarries and jungles. The gross demand on account of cess on lands and quarries and jungles during the year under review, was Rs. 4,872, including Rs. 235 remitted to the Collector of Midnapore on account of Road Cess due to him for the years 1892-93 and 1893-94. Thus, the gross net demand of the District was Rs. 4,637 against Rs. 4,706 in the previous year. Out of this demand, Rs. 4,541 were collected within the year, Rs. 8 remitted, and Rs. 68 recommended for remission, thus leaving an outstanding balance of Rs. 20 at the close. Out of this balance, Rs. 20, the sum of Rs. 5 was realized in April 1894, hence the actual balance to be realized was Rs. 15 only. The percentage of collection to the net demand excluding the remission but including the collection made in April, is 99·67.

3. *Original Works.*—The principal items under this head were the gravelling of heavy portions of the Chaibassa-Bend road No. 1, Chaibassa-Amda road No. 4, Chaibassa-Jyntgurrh road No. 7, Chakradharpur-Koksinga road No. 6, and the construction of a masonry bridge having 45 running feet of waterway at Ghatsilla on the 51st mile of the Chaibassa-Bend road. The aggregate length of gravelling done on the several roads was 4·80 miles, the expenditure incurred in the works being Rs. 3,168. About half the work in the masonry bridge mentioned above was done during the year, and it entailed an expenditure of Rs. 1,500. The works in the Subarnarekha river ghat cutting have nearly been finished. Out of the estimated cost of Rs. 4,814 for the work, the expenditure incurred up to the close of the year under review was Rs. 4,203. The ghat, as the District Engineer says, is now open to traffic. Rupees 8-8-5 were spent in giving compensation for lands required for portions of the 9th and 10th miles of the Chaibassa-Amda road No. 4. In completing the improvement works in the Chakradharpur shelter-house there was an expenditure of Rs. 7. The total cost incurred under head 'original works' during the year was Rs. 6,830 against Rs. 4,609 in the previous year. The increase in the year is partly due to the construction of the masonry bridge referred to above, and partly due to the taking up of tree planting work, &c.

4. *Repair Works.*—The total expenditure incurred under this head during the year was Rs. 4,270 against an allotment of Rs. 4,958. Of this total expenditure, Rs. 675 were incurred in repairing gravelling on all the roads aggregating 2·13 miles in length, Rs. 919 were spent in maintaining and improving the V class roads (10 in number and 156 miles in length), Rs. 135 were spent in repairing five village roads both in Dhalbhum and Kolhan, aggregating 51 miles in length, Rs. 332 were spent in repairing and maintaining 12 culverts and bridges on the several roads of the district, and the balance Rs. 2,209 was spent on earthwork in raising low portions of the several roads and filling up ruts and repairing rain damages, &c. As far as the limited funds at the disposal of the Committee would permit, all the roads were made passable for cart traffic. Side drains of the several roads were also attended to during the year. Several district roads passing through the territories of the Political Chiefs were also maintained and kept in good order at the cost of the Committee. The Chiefs do not care to keep these roads in good condition at their own expense, although their people are greatly benefited by them. As a matter of fairness, they certainly should help in the matter.

5. *Arboriculture.*—Of the 976 trees planted during the year, 627 trees are in a flourishing condition. The remaining 349 did not thrive, and in fact many of these died within the year. Rs. 375 were spent in planting roadside trees. 976 young trees were planted in the year on the first 4 miles of each of the Chaibassa-Subarnarekha river, Chaibassa-Bend and Chaibassa-Jyntgurrh roads, and to protect the same, gabions of stone and earth were made. The total cost under this head came to Rs. 375, during the year.

6. The following statement shows the revenue of the Committee (excluding advances and deposits), the expenditure on original and repair works and on the executive establishment employed on works, the percentage cost of such establishment spent on works, as also

the percentage of total expenditure on works including establishment calculated on the revenue:—

7. *Accounts.*—The accounts of the Committee's office were kept under the supervision of the Vice-Chairman during the year. These accounts as well as those of the District Engineer's office were as usual audited monthly by a Standing Sub-Committee consisting of the Vice-Chairman and two other English knowing members. The accounts were also audited by the Local Auditor in December 1893.

HARI NATH ROY,
Vice-Chairman, District Road Committee.

C. BEDFORD,
Chairman, District Road Committee.

No. 773J., dated Bhagalpur, the 18th April 1895.

From—G. TOYNBEE, Esq., Commissioner of the Bhagalpur Division and Sonthal Parganas,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit herewith the Annual Accounts of, and Report on the Administration of the District Road Fund of the Sonthal Parganas for the year 1893-94.

2. The Road Cess Act is not in force in this District, and there is no District Road Committee. The Deputy Commissioner of the District exercises the powers of such a committee.

3. The District Road Fund is composed of grants from Government plus a few items of miscellaneous receipts. The year opened with an unexpended balance of Rs. 22,079 against Rs. 36,321 in the previous year.

4. *Financial results.*—The following table compares the income and expenditure of the year 1892-93 and 1893-94:—

<i>Income.</i>	1892-93.	1893-94.

Suspense Accounts	20,753	17,924
Total	100,295	91,048

Receipts.

5. The sum of Rs. 82 on account of the rent of three ferries established in the year 1893-94 in the Government Estates in the Rajmahal Subdivision was, under a misapprehension, credited to the District Road Account, but was refunded to Government in March last.

6. *Miscellaneous.*—The decrease under the head 'Miscellaneous' is owing to the fact that in the year 1893-94 European cooly recruiters did not use the inspection and staging bungalows so often as they did in the year 1892-93.

7. *Grant from Government.*—The increase under this head is owing chiefly to the allotment of Rs. 3,944 made for the construction of buildings by the Public Works Department, to a sum of Rs. 66-4 paid for gauge reading telegrams, and to the larger grant made for the improvement of Government Estates in the District.

8. *Suspense Accounts.*—The amount of advances recovered during the year was Rs. 19,118 against Rs. 22,780 in the previous year.

Expenditure.

9. *Administration.*—The increase under this head is nominal and calls for no remark.

10. *Stationery and Printing.*—The increase under this head is due to the charges for printing the annual account and report of the year 1891-92 having been paid in the year 1893-94, and to the cost of printing some of the departmental forms locally.

11. *Public Works.*—The decrease under this head is attributed by the Deputy Commissioner partly to the untimely receipt of sanction to estimates for the construction of original works, and partly to the insufficiency of funds for their execution.

12. *Miscellaneous.*—The increase is due to the charges for the petty construction and repair of the staging bungalow for the year 1892-93 having been paid in the year 1893-94.

13. *Suspense Accounts.*—The amounts advanced to the Subdivisional Officers and others for works and not adjusted during the year amounted to Rs. 17,709 against Rs. 18,836 in the previous year.

14. The following table compares the expenditure incurred during the year on account of Public Works with that of the previous year:—

YEAR.	Original Works.	Repairs.	Establishment.	Tools and Plant.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.
1892-93	27,932	42,115	7,942	651	77,940
1893-94	18,462	44,583	7,464	690	71,199
	-9,470	+2,468	+222	+39	-6,741

The decrease of expenditure under the head of 'Original Works' has been explained in paragraph 11. The increase under the head 'Repairs' is due to some of the works sanctioned in 1892-93 not having been carried out until 1893-94. The increase under the head 'Establishment' is chiefly due to the cost of reporting gauge readings by telegrams, as also noted in paragraph 7. The increase under the head 'Tools and Plant' is very small and requires no explanation.

15. The percentage of the cost of establishment on Public Works is 10·4 against 9·2 in the previous year.

16. The principal original works carried out during the year are briefly described below:—

From the District Road Fund.

(1.) The construction of a masonry arched bridge of 6 spans of 30 feet each over the Jeebunpur stream on the 80th mile of the Bhagalpur and Suri road, was completed during the year at a cost of Rs. 11,100, as against an estimated cost of Rs. 10,280.

(2.) The rotten timber superstructure of another bridge of 2 spans of 30 feet each over the Asansol nala on the 75th mile of the road mentioned above, was replaced by a corrugated iron roadway carried over transverse and longitudinal rolled iron beams and protected by strong iron railings at a cost of Rs. 2,274.

(3.) Estimates for Rs. 2,359 and Rs. 1,370 were also sanctioned for the construction of rubble masonry arched bridges over the Mashanjore and Murjora nalas on the 83rd and 87th miles respectively of the same road, but only materials for their construction could not be collected during the year 1893-94. Information regarding their completion will be furnished in the Annual Report for the year 1894-95.

(4.) Fourteen dry stone drains on the Dumka and Rampur Hât road No. 2 were replaced by rubble masonry culverts varying from 4 to 5 feet span each at the cost of Rs. 959.

Land Revenue Government Estates Improvement Fund.

(5.) A sum of Rs. 2,766 was expended during the year on account of the collection of materials for the construction of a bridge (rolled iron beams with masonry abutment and piers) over the Morral river on the Tinpahar and Boroo section of the Rajmahal and Protapbur road. The estimate for this work was Rs. 16,389. Its further progress will be exhibited in next year's report.

Provincial Fund.

(6.) The works executed from Provincial Funds were the construction of additional office accommodation at Deoghur at a cost of Rs. 1,602.

(7.) Construction of an additional room to the treasury building at Dumka for accommodating the Registration office at the cost of Rs. 1,497.

17. *Repairs.*—All the roads in the printed schedule were repaired during the year. There are about 770 miles of road, of which 183 miles are metalled and 587 unmetalled. Out of the 587 miles of unmetalled roads 17½ miles are village roads. The cost of maintenance per mile of the different classes of roads is given below:—

	Cost of repair.	Per mile.
	Rs.	Rs.
183 miles of metalled roads	16,184	88
569½ miles of unmetalled roads	12,133	21
17½ miles of village roads	263	15

18. *Buildings.*—The expenditure incurred in the maintenance of the Imperial and Provincial buildings was Rs. 6,153 against the grant of Rs. 6,245.

19. *Arboriculture.*—A sum of Rs. 702 is said to have been spent in the maintenance of the roadside plants. Their number is more than 30,000. They are thriving satisfactorily, and most of them are now bearing fruit. There was no new plantation during the year worthy of mention. In a dry country like the Sonthal Parganas the great difficulty is the supply of water to young trees in the hot and cold seasons.

W. B. MARTIN,
Deputy Magistrate in charge.

Abstract of the Report by the Assistant Commissioner, Chittagong Hill Tracts, on the operations of the District Road Account of the district during the year 1893-94.

THE actual receipts during the year amounted to Rs. 56,705-2-4, and the expenditure to Rs. 44,396-15-8, consequently the closing balance was Rs. 12,308-2-8.

2. Of the gross expenditure, Rs. 44,396-15-8, Rs. 7,392-14-8 represent the charges under establishment, the balance Rs. 37,004-1 was the expenditure on works and repairs.

3. The relative expenditure on works and repairs compared with the expenditure on establishment is shown below:—

Works.			Repairs.			Total.			Establishment.			Percent- age.
1			2			3			4			5
Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	19
7,389	4	3	29,125	8	7	36,514	12	10	6,996	2	8	

4. The narrative report on the original works executed during the year is as follows:—

I.—Constructing light timber bridges along the Rangamati road.—A sum of Rs. 2,116 was provided for in the Budget Estimate and sanctioned by Government for the construction of sawn timber bridges. The full quantity of work was done at a cost of Rs. 2,011-15. The cause of the saving is the less rate at which the contractor agreed to do the work.

II.—Constructing sawn timber bridges along the Rangamati road.—A sum of Rs. 5,330 was allotted for this work in the Provincial Budget for the year, and was ultimately transferred to the District Road Account. The work was vigorously taken in hand at the beginning of the cold season, but owing to an outbreak of cholera among the workmen during the middle of February, causing three deaths, and to the unusually heavy rains at the end of the month, it had to be stopped for a time, and hence the total quantity of work could not be completed within the year. The actual expenditure amounted to Rs. 4,633-12-6.

III.—Constructing a record-room and library at Rangamati.—The Assistant Commissioner's cutcherry was destroyed by fire in May 1893. The Commissioner decided that the old dāk bungalow might be converted, with additions and alterations into the Police office, and the old Police office into the Assistant Commissioner's cutcherry. This being a thatched building, it was considered unsafe to keep the records and books in it, and therefore the construction of a corrugated iron record-room and library was proposed. An estimate amounting to Rs. 782 was submitted and sanctioned. The work was completed within the year at a cost of Rs. 743-8-9, the saving being due to the rate at which the contractor agreed to do the work.

3. After section 66, the following sections shall be inserted:—

66A. (1) For the purposes of municipal assessment, in cases where any land vested in the Commissioners is let out to tenants and any building or structure is erected thereon by such tenants, the annual value of such building or structure, when erected, shall be 5 per cent. on the estimated present cost of erecting such building or structure, less a reasonable amount to be deducted on account of depreciation, if any.

(2) The buildings and structures in each holding, as recorded in the rent register of the Commissioners shall be separately valued and assessed.

66B. Such building or structure may be valued annually at the discretion of the Corporation of Calcutta, and shall be so valued on the application of the owner. When not so valued, the former valuation shall remain in force from year to year, until a revaluation is made.

66C. The sum to be paid to the Corporation of Calcutta as the consolidated rate payable on the annual value of such building or structure as determined in accordance with the provisions of the last preceding section shall be the total amount of the rates fixed under section 71 of the Calcutta Municipal Consolidation Act, 1888.

66D. The Corporation of Calcutta, by a notice in writing, may require the owner of any such building or structure to furnish them with returns of the measurements thereof; and the Corporation of Calcutta or any person authorized by them in that behalf may, at any time between the hour of seven in the forenoon and sunset, enter on and inspect, survey and measure such building or structure, after giving to such owner a notice in writing of their intention, not less than twenty-four hours previous to such entry and inspection.

66E. Whoever refuses or fails to furnish any such return for the space of one week from the day, on which he shall have been required so to do, or knowingly makes a false or incorrect return, and whoever hinders, obstructs or prevents the Corporation of Calcutta, or any person appointed by the Corporation of Calcutta, as aforesaid, from entering, inspecting, surveying or measuring any such building or structure shall be liable to a fine not exceeding Rs. 200 for every such offence.

66F. (1) Before valuing any such building or structure in accordance with the provisions of section 66B, the Corporation of Calcutta shall give notice to the Commissioners and the owner that on or after a date not less than fifteen days from the receipt of such notice by the Commissioners and the owner, such valuation will be made.

(2) If the valuation so made exceeds the previous valuation, the Corporation of Calcutta shall include in the special notice provided for in section 66K(3) full details of the amount of such valuation.

66G. If the owner of any building or structure is dissatisfied with a valuation made under the provisions of section 66A to section 66F (both inclusive), he shall, within fifteen days after the receipt of the special notice referred to in sections 66F and 66K, deliver at the office of the Corporation of Calcutta a notice in writing stating the grounds of his objection.

66H. (1) All such objections shall be entered in a register to be maintained for the purpose, and on receipt of any objection, notice shall be given to the objector of a day and place, when his objection will be investigated.

(2) On the day and place notified, the Chairman or Vice-Chairman of the Corporation shall hear the objection and such hearing shall be in the presence of the objector, if he shall appear; the Chairman or Vice-Chairman of the Corporation may also for reasonable cause at any time adjourn the investigation.

(3) The order passed on such objection shall be recorded in the register of objections, together with the date of such order.

66I. (1) The owner of such building or structure, if dissatisfied with the order passed on his objection, may appeal to the Court of Small Causes having jurisdiction in the place where such building or structure is situated. Such appeal shall be presented to the Court of Small Causes within thirty days from the date of the order passed under section 66H, and shall be accompanied with an extract from the register of objections containing the order objected to.

(2) No appeal shall be admitted, unless an objection has first been taken in accordance with the provisions of section 66G.

66J. The valuation by the Corporation of Calcutta, when no appeal therefrom is made, as hereinbefore provided, and the adjudication of any appeal under the last preceding section, when such appeal is made, shall be final and binding.

66K. (1) The valuation so made by the Corporation of Calcutta, subject to such alterations as may from time to time thereafter be duly made, shall be entered in a book to be called the assessment-book, and to be kept at the office of the Corporation, and in the same form, as far as may be, as the rent register of the Commissioners.

(2) A copy of such book and of all entries therein, as modified from time to time, shall be supplied to the Commissioners, and shall be open to inspection between the hours of 11 A.M. and 5 P.M., at the head office of the Commissioners.

(3) A special notice, including an extract from the assessment-book showing the valuation of each building or structure, and stating the time within which an objection shall be lodged, shall, on the completion of the valuation under sections 66A to 66F, both inclusive, be given by the Corporation to the owner of such building or structure.

(4) The assessment calculated on the said valuation shall, subject to such alterations as aforesaid, be deemed to be the amount payable during the whole period for which the valuation is in force, and this period shall be calculated from the commencement of the quarter next succeeding that in which any alterations as aforesaid shall have been made, and, until such date, the old valuation shall continue in force, notwithstanding that the period for which it was made may have expired.

66L. (1) The Corporation of Calcutta may, after giving notice to the Commissioners and the owner of such building or structure in the manner provided in section 66D, at any time amend the assessment-book, by inserting therein—

(a) the name of any person whose name ought to be so inserted; or

(b) the description of any building or structure hereinbefore mentioned liable to any such rate; or

(c) the valuation when such building or structure has not already been valued.

(2) The Corporation of Calcutta may without notice strike out the name of any person or the description of any building or structure not liable to the rate, or may reduce the amount of the valuation.

(3) All such changes shall be notified to the Commissioners, and to the owner of the building or structure in the manner provided in section 66K, and the provisions of sections 66G, 66H, 66I, and 66J, shall, so far as may be practicable, apply.

66M. (1) The Commissioners shall during the first month of each succeeding quarter pay to the Corporation of Calcutta the consolidated rate so assessed for the previous quarter for such portion of the previous quarter as the Commissioners' land was occupied by each tenant and the liability for rent incurred:

Payment of rate by the Commissioners to Corporation.
Provided that, unless notice of the termination of a tenancy during a quarter has been given by the Commissioners to the Corporation of Calcutta within one month of such termination, the Commissioners shall be liable for the whole consolidated rate assessed in respect of such quarter.

(2) Before paying the consolidated rate assessed to the Corporation of Calcutta, the Commissioners shall deduct and retain a sum equal to one-eighth of such rate.

(3) For the recovery of any such sum, the Corporation of Calcutta shall have all such and the same remedies, powers, rights and authorities as they possess under the Calcutta Municipal Consolidation Act, 1888.

66N. (1) The Commissioners may recover Rates recoverable from owner of building or structure and tenants of land. from the owner of any such building or structure the whole of the rate so assessed, as hereinbefore stated, by the Corporation of Calcutta, in respect of any such building or structure.

(2) They may further recover from the tenants of the land assessed under sections 59 to 65 (both inclusive), an amount not exceeding one-half of the whole of the consolidated rate so assessed by the Corporation of Calcutta, in respect of such portions of the land as shall have been leased to such tenants.

(3) All sums so due shall be recovered and collected by the Commissioners, together with the rent payable to them by such tenants or owners in respect of such land or any such building or structure.

5. For section 116 of the said Act, as amended by section 14 of Act IV of 1895 (B.C.), the following shall be substituted, namely:—

116. (1) If the master or owner of any vessel or his agent, at or before the time of landing from such vessel any goods at any dock, wharf, quay, stage, jetty or pier belonging to the Commissioners, shall give to the Commissioners notice in writing that such goods are to remain subject to a lien for freight or other charges payable to the shipowner to an amount to be mentioned in such notice, such goods shall continue liable to the same lien (if any) for such charges as they were subject to before the landing thereof.

(2) Such goods shall be retained either in the warehouses and sheds of the Commissioners or in warehouses licensed under section 16 of the Sea Customs Act, 1878, or, with the consent of the Chief Officer of Customs, in the public warehouses, at the risk and expense of the owners of the goods, until the lien is discharged, as hereinafter mentioned.

4. On and from that day nothing contained in the Native Passenger Ships Act, 1887, shall apply to any pilgrim ship.

5. In this Act, unless there is anything repugnant in the subject or context,—

7. (1) No pilgrim ship shall depart or proceed from, or discharge pilgrims at, any port or place within British India other than a port or place appointed in this behalf by the Local Government.

(2) After a pilgrim ship has departed or proceeded on a voyage from a port or place so appointed, no person shall be received on board as a pilgrim except at some other port or place so appointed.

8. (1) The master, owner or agent of a pilgrim ship so departing or proceeding shall give notice to an officer appointed in this behalf by the Local Government that she is to carry pilgrims, and of her destination, and of the proposed time of sailing.

(2) The notice shall be given at the original port of departure if in British India and in other cases at the first port at which she touches in British India, not less than three days, and at all other ports of call not less than twenty-four hours, before that time.

9. After receiving the notice, the officer aforesaid or a person authorized by him shall be at liberty at all times to enter on the ship and inspect her and her fittings and the provisions and stores on board.

10. (1) No pilgrim ship shall commence a voyage from a port or place appointed under this Act, unless the master holds two certificates to the effect mentioned in the two next following sections.

(2) The officer whose duty it is to grant a port-clearance shall not grant it unless the master holds those certificates.

11. The first of the certificates (hereinafter called "certificate A") shall state that the ship is seaworthy and properly equipped, fitted and ventilated, and the number of pilgrims of each class which she is capable of carrying.

12. The second of the certificates (hereinafter called "certificate B") shall state—

- (a) the voyage which the ship is to make, and the intermediate ports (if any) at which she is to touch;
- (b) that she has the proper complement of officers and seamen;
- (c) that food, fuel and pure water over and above what is necessary for the crew, and the other things (if any) prescribed for pilgrim ships have been placed on board, of the quality prescribed, properly packed, and sufficient to supply the pilgrims on board during the voyage which she is to make (including such detention in quarantine as may be probable) according to the scale for the time being prescribed;
- (d) that the master holds certificate A;
- (e) that she is propelled principally by steam;

(f) that she is of the tonnage and steam-power (if any) prescribed;

(g) that, if she is to carry more than one hundred pilgrims, she has on board the medical officer, or medical officers, required by section 27 and the prescribed attendants;

(h) such other particulars (if any) as may be prescribed.

13. The person by whom certificate A and certificate B are to be granted shall be the officer appointed under section 8.

14. Where the master of a pilgrim ship produces to that officer either of the following certificates, namely,—

(a) a valid certificate granted by the Board of Trade or by a British Colonial Government, or

(b) a certificate granted under the authority of a British Indian Government on a date not more than one year before the proposed day of sailing and in force and applicable to the voyage on which the ship is to proceed or the service on which she is about to be employed,

the officer may, if the particulars required by section 11 are certified thereby, take the certificate as evidence of those particulars, and it shall then be deemed to be a certificate A for the purposes of this Act.

15. (1) After receiving the notice required by section 8, the officer appointed under that section may, if he thinks fit, cause the ship to be surveyed at the expense of the master or owner by competent surveyors, who shall report to him whether she is, in their opinion, seaworthy and properly equipped, fitted and ventilated for the conveyance of pilgrims:

Provided that he shall not cause a pilgrim ship holding a certificate mentioned in section 14, clause (a) or clause (b), to be surveyed unless, by reason of her having met with damage or having undergone alterations, or on any other reasonable ground, he considers it likely that she may be found unseaworthy or not properly equipped, fitted or ventilated for the conveyance of pilgrims.

(2) If the officer causes a survey to be made of a pilgrim ship holding any such certificate, and the surveyors report that she is seaworthy and properly equipped, fitted and ventilated for the conveyance of pilgrims, and that there was no reasonable ground why the officer should have thought it likely that she would be found unseaworthy, or not properly equipped, fitted or ventilated for such traffic, the expense of the survey shall be paid by the Local Government.

16. (1) The officer authorized to grant a certificate under this Act in respect of a pilgrim ship shall not grant it unless he is satisfied that she has on board no cargo likely from its quality, quantity or mode of stowage to prejudice the health or safety of the pilgrims embarked.

(2) But save as aforesaid, and subject to the provisions of sub-section (3), it shall be in the

19. (1) The Governor General in Council may by order prescribe the number of superficial and cubic feet of space (not being less than the space for the time being required for passengers under any Act for the regulation of passenger ships) to be available in the between-decks for pilgrims of each class respectively on board pilgrim ships.

(2) Every pilgrim ship shall have reserved for the use of the pilgrims on board gratuitously by day and by night so much of the upper deck as is not required for the airing space of the crew or for permanent structures:

(3) Subject as aforesaid and to any rules which may be made under this Act, such space may be allotted among the different classes of pilgrims in such proportion as may be thought fit:

“From the above report, I am satisfied, &c.” (as above).

25. All interlineations, blanks, erasures, or alterations in powers-of-attorney authenticated under section 33 should, at the time of authentication, be detailed in a foot-note signed by the Sub-Registrar. When there are no interlineations, &c., the fact should be noted in the same way. This foot-note will be copied in every case into the register of powers-of-attorney.

26. General powers-of-attorney are not available under the Act unless they contain or imply an authority to appear in a registration office, and are executed and authenticated in accordance with section 33. Powers already executed may be made available by the execution, in accordance with section 33, of an additional clause empowering an attorney to appear in a registry office.

27. Powers which do not contain or imply an authority to appear in a registration office shall not be authenticated under section 33.

28. Whenever a special power-of-attorney is used in a registration office for the purposes of section 32, an endorsement shall be made upon it in the following form, and it shall be returned forthwith:—

Presented this day.

Registrar or Sub-Registrar of

No such endorsement to be made on general power.

29. For general powers of attorney no such endorsement is required. They shall be returned after inspection to the parties by whom they were presented.

ISSUE OF PROCESS.

30. Summonses under section 75 will be issued direct by the Registrar acting according to the provisions of Chapters VI and XIV of the Code of Civil Procedure. The summonses referred to in sections 36 and 37 shall be executed through the revenue authorities, and the peon's fee shall be regulated according to the rules for the service of processes by such authorities. Provided that, when a Rural Sub-Registrar's office and a Munsif's Court are located in the same place, the processes shall issue through the Munsif's Court. In such cases the peon's fee shall be regulated by the rules for the service of processes in the Civil Court.

31. If the summons be addressed to a person who is alleged to have executed the document, it shall require him to attend in person or by agent: if it be addressed to any person whose evidence is required to prove fact, it shall require him to attend in person.

32. Every application for summons must be accompanied by the amount of expenses payable to the witness, as well as the amount of peons' fees usually chargeable by the Revenue authority of Civil Court through which the summons is to be issued; and in forwarding for compliance an application for summons, the registering officer shall also forward the witness's expenses and the peon's fee, together with a draft summons in duplicate ready for signature, and purporting to issue from the Civil or Revenue Court to which the application is forwarded for compliance.

33. In case of a person summoned under section 37 neglecting to appear, or if a summons under that section cannot be served, the registering officer may call upon the Revenue Officer or Civil Court through whom his summonses are served to take any further action authorized by the law for the time being in force for the purpose of securing the attendance of the person whose evidence is required, and such a requisition must be accompanied by the proper fee. It rests with the registering officer to specify the form of action to be taken.

Summonses when to be accompanied by translations.

33a. All processes issued under the above rules to any district, the vernacular of which differs from that in which the process is written, shall invariably be accompanied by a translation in English.

Requisitions by Rural Sub-Registrars. Registrar.

34. No Rural Sub-Registrar shall issue a requisition under rule 33 without the previous sanction of the District

WILLS, &c.

36. Every entry made in Register Book V, under the provisions of section 43, shall be signed in full and dated by the Registrar.

37. When a sealed cover is withdrawn under section 44, the fact shall be noted in Register Book V, and the entry shall be signed by the person by whom the withdrawal is made, as well as by the Registrar.

38. When a sealed cover is opened under section 45, the fact shall be noted in Register Book V, and the entry signed by the Registrar. If a cover is opened under order of a Civil Court, this shall be mentioned in the entry.

39. When a will is forwarded to any Court under section 46, it shall be accompanied by a memorandum of the fee for opening the cover and charges for copying, and it shall be the duty of the Court to levy and remit such fee and charges to the Registrar.

40. Sealed covers deposited with a Registrar under section 42 shall be examined monthly, and their condition noted in statement D of return. A. If there be no sealed cover in custody, the fact must be similarly noted in the statement.

PROCEDURE IN REGISTRATION.

41. On the presentation of a document for registration, the registering officer shall first satisfy himself—

- (a) that it has been presented at the proper office (sections 28, 29, and 30);
- (b) that it bears the proper stamp;
- (c) that it is in the usual language of the district, or is accompanied by a translation and a true copy (section 19);
- (d) that in the case of important interlineations, section 20 and rule 148 have been complied with;
- (e) that (if the document refers to immoveable property) the description is sufficient (section 21 and rule 13);
- (f) that it has been presented within the proper time (sections 23, 25, and 26);
- (g) that it has been presented by a person authorised to do so (section 32 or 40).

When a document is presented under section 24 to a registering officer other than the Registrar, the registering officer shall, after examining it in regard to the above particulars, forward it at once to the Registrar, and if it is returned with an order for registration, shall deal with it in the same manner as other documents presented within the time allowed for registration.

Proviso.—When a document is presented not duly stamped, the registering officer shall at once impound it under section 33 of the Indian Stamp Act I of 1879. Before forwarding it to the Collector, the registering officer shall record on it the endorsement prescribed by rule 44, and if possible that under rule 46, but no fee shall be taken. The document shall not be copied or certified as registered under rule 55 until it is returned to him with the Collector's certificate that the proper or deficient stamp duty has been paid.

42. If the requirements of the law have been complied with in all the particulars mentioned in the preceding rule, the following certificate shall be entered on the face of the deed:—

“Admissible under rule 41. Correctly stamped (or exempted from stamp duty) under the Indian Stamp Act, schedule , No. .”

43. After entry of the certificate under rule 42, the registering officer shall receive the fee or any fine payable under section 24, and enter the amount on the document close to such certificate, and at the same time the requisite entry shall be made in the fee-book, except in the case of impounded documents.

44. The endorsement under section 52 shall be to the following effect:—

“Presented for registration at A.M. (or P.M.) on the day of 18 , at the sub-registry office (or elsewhere), by A.B., son of C.D., of , by caste , by profession [or attorney for E. F., one of the claimants under a power (No. for 18) executed in the presence of the Sub-Registrar of].”

Signature of presentant.

Receipts to presentants.

45. The amount of the fee paid shall be entered on the receipt given under section 52.

46. The endorsement under section 58 shall be to the following effect:—
“Execution is admitted by A.B., son of C.D., of , by caste , by profession .”

(Sd). A. B.

“Identified by E. F., son of G. H., of , by caste , by profession .”

The of 18 .

(Sd). E. F.

(Sd.) I. J., Sub-Registrar of

When the document has been presented by the executant himself, it will not be necessary to repeat in the second endorsement all the particulars recorded in the first endorsement regarding his father, &c., but the endorsement may be recorded thus:—

“Execution is admitted by the above A. B., who is identified by E. F., son of G. H. of , by caste , by profession .”

When execution is admitted by an agent, the following words shall be added:—

“Agent for K. I., under a power-of-attorney (No. for 18), executed in the presence of the Sub-Registrar of .”

When the executant or his agent is personally known to the registering officer, the words “personally known to me” should be substituted for the identification clause.

When execution is admitted by the representative of a deceased person, the following words shall be added:—

“Representative for K. L., whose right to appear in such capacity has been proved to my satisfaction.”

When any payment of money or receipt of consideration is acknowledged, the following clause should be added:—

“The receipt of rupees as consideration is admitted by the above A.B.”

47. Endorsements shall invariably be recorded in the handwriting of the registering officer unless he has been specially authorized by the Inspector-General of Registration to use endorsement stamps.

47a. The use of rubber stamps is allowed for the formal parts of the first, the second, and the final endorsements, and for the certificate of admissibility. Such stamps must be obtained through the Inspector-General, and can only be supplied to Rural Sub-Registrars on their personally defraying the cost.

47b. When the use of stamps has been sanctioned, they may be also used for copying in the registers, provided that the impression can be conveniently contained in the width of the margin.

48. When a person who cannot write signs his name by means of a mark or by touching the pen, his name shall be recorded at length, and the writer of the name shall also sign his own name in attestation that the mark was affixed or the pen touched in his presence. In districts where Sir William Herschel's system for identification has been introduced, such marks shall be made by a slightly rolled impression of the registrant's left thumb taken in printer's ink off a flat piece of tin, properly prepared for the purpose, and transferred both to the document to be registered and to a blank register to be kept for the purpose in the registration office. Against each impression in this register the name of the party, the number of the deed in Books I, III, or IV, and the date, shall be entered. In such districts the registering officer shall require every executant, who is not personally known to himself, to affix such an impression both to the deed and the register in his presence, whether he can write his name or not.

49. Whenever a registering officer administers an oath, he shall record the evidence of the witness examined on a separate sheet of paper, and a note of the fact shall be endorsed on the deed itself. An oath should only be administered when the registering officer doubts the truth of any verbal statement made to him.

50. When a document is presented which has only been executed by some of the parties to it, the other executants may attend and execute the document and admit their execution without the payment of any further fee, so long as the certificate of registration under section 60 has not been endorsed thereon; but if the registration of the document has been completed, it must be presented afresh for registration, and a second fee shall be payable.

51a. When all the persons executing a document, or their representatives, assigns, or agents, have appeared and admitted its execution, the document shall be copied in the register.

51b. In the event of a document being inadvertently copied in a wrong book, the registration shall stand, but the Registrar may direct that the document with the endorsements and certificate thereon, shall be copied into its appropriate register without further charge.

52. When two or more copies of the same document are brought for registration at the same time, it shall not be necessary to enter the document more than once in the register, but all the endorsements shall be written upon each copy.

53. All endorsements shall be made in red ink, except signatures, which shall be made in black ink.

54. When there is not room on a document for the necessary endorsements, they shall be made on a separate quarter sheet of machine-made medium paper, which should be supplied by the office and attached to the document, note being at the same time made on the document itself and signed by the registering officer. Every piece of paper so added must bear the seal of the registering officer and be signed and dated by him.

55. When a document has been copied and compared, the registering officer shall make in his own handwriting, in the following form, the endorsement required by section 60:—

"Registered in book _____, volume _____, page _____, being No. _____ for 18 _____"

The _____ of 18 _____

(Sd.) Sub-Registrar.

IDENTIFICATION.

56. In order to establish the identity of persons appearing before him, the registering officer shall require the best testimony procurable. The best testimony to be required for identification. The testimony of persons known to himself, or of persons in a public position, such as zamindars, Court officials, pleaders, &c., is better than that of unknown and obscure persons.

57. Registering officers should be very cautious in accepting the testimony and statements of so-called mukhtars who are not enrolled as such, when appearing before them for the purpose of identifying persons. Testimony of so-called mukhtars to be accepted very cautiously.

58. It is not sufficient for the registering officer to record the statement of any witness that the parties may choose to produce. He must satisfy himself with the identification. that the witness is really acquainted with the person or persons whom he is produced to identify. The name of the person to be identified must be stated to the identifier, and he should be clearly and specifically asked whether that person is or is not the person that he professes himself to be.

DELAY IN PRESENTATION AND APPEARING.

59. *Sections 23, 24, 25, 26 and 34.*—Section 25 refers to documents executed out of British India, and is noticed below. With regard to all other documents, the law requires (sections 23 and 34, clause 1) that both the presentation for registration and the appearance of the executant shall take place within four months from the date of execution. But in order to avoid hardship in certain cases, it also provides that a further period of four months shall be allowed, subject to a fine—(1) when a document cannot be presented within the first four months owing to urgent necessity or unavoidable accident (section 24); and (2) when, after a document has been presented, the executants, owing also to urgent necessity or unavoidable accident, cannot appear, or cannot be made to appear, to admit execution (section 34, proviso). In cases of urgent necessity or unavoidable accident, therefore, a delay of four months after due time is allowed for presentation under section 24, and a similar delay for appearance under section 34; and both periods may be allowed for the same document, if an urgent necessity or an unavoidable accident occurs to prevent both the presentation of the document and the appearance of the executant in due time. The two periods are quite distinct, and are given for different purposes and at different stages in the procedure of registration. This distinction is important, and if it is borne in mind, the following instructions will be readily understood.

60. *Sections 23 and 34.*—When a document has been presented under section 23, the executant must appear to admit execution within four months from the date of execution, and on his failure to do so, the Sub-Registrar must immediately, after the expiration of the four months, record a formal refusal to register, leaving it to the parties to appeal to the Registrar under section 72 within 30 days if they think proper. Notwithstanding the executant's failure to appear, however, the Sub-Registrar shall not record an order refusing registration, if the person presenting the document has, before the expiration of four months from the date of execution, taken proceedings under section 36 to procure the appearance of the executant, but in that case he shall report the matter to the Registrar for orders at the end of the four months. Both in this case and in the case of an appeal under section 72, the Registrar shall not pass an order granting an extension of time or directing the Sub-Registrar to register the document, unless it is shown that the executant had not appeared owing to urgent necessity or unavoidable accident. In both cases, also, if he passes such an order, a fine must be paid under section 34 (see article O of the fee-table), and the document may be registered at any time within eight months from the date of execution, as the order would be equivalent to the granting of a delay of four months for appearance. If after this order the executant does not appear within the eight months, the Sub-Registrar must record a formal refusal to register immediately after the expiration of that period. No document presented under section 23 can, under any circumstances, be kept pending after eight months, as the presentation having been made within the ordinary time, only an additional four months can be granted for the appearance of the executant.

61. *Sections 24 and 34.*—A document presented, on payment of a fine, under section 24 is allowed four months in addition to the ordinary period, and the executant must therefore appear to admit execution within eight months from the date of execution. Should he fail to do so, the Sub-Registrar will record a formal refusal to register immediately after the expiration of eight months, leaving it to the parties to appeal to the Registrar under section 72 within 30 days, if they think proper. Notwithstanding the executant's failure to appear, however, the Sub-Registrar shall not record an order refusing registration if the person presenting the document has, before the expiration of eight months from the date of execution, taken proceedings under section 36 to procure the appearance of the executant, but in that case he shall report the matter for the orders of the Registrar on the expiration of the eight months. Both in this case and in the case of an appeal under section 72, the Registrar shall not pass an order granting an extension of time, or directing the Sub-Registrar to register the document, unless it is shown that the executant has not appeared owing to urgent necessity or unavoidable accident. In both cases, also, if he passes such an order, a fine must be imposed under section 34 (see article O of the fee-table) in addition to the fine already imposed under section 24, and the document may be registered at any time before the expiration of one year from the date of execution, as the order would be equivalent to the granting of a delay of four months for appearance, in addition to the delay of four months for presentation already granted under section 24. If after this order the executant does not appear within the year, the Sub-Registrar must record an order refusing registration immediately on the expiration of that period. No document presented under section 24 can, under any circumstances, be kept pending beyond one year from the date of execution.

62. *Sections 25 and 34.*—The above instructions regarding documents presented under section 23 apply also to documents presented under section 25, with this exception only, that the first period of four months and the extended period of eight months must be reckoned from the date of their arrival in British India, and not from the date of their execution. These documents can under no circumstances remain pending beyond eight months from the date of their arrival in British India.

In the case of a document executed by some of the parties in and by others out of British India, the party presenting the document may proceed at his option under section 23 or section 24 instead of section 25, and if he does so, the provisions of and the above instructions regarding those sections shall apply.

All pending documents must thus be refused registration after eight months from the date of execution if presented under section 23; after twelve months if presented under section 24; and after eight months from the date of arrival in India if presented under section 25.

63. *Interpretation of Section 26.*—This section refers only to the time allowed for presentation. It therefore applies to the first period of four months from the date of execution allowed under section 23, to the second period of four months from the same date, which may be allowed on payment of a fine under section 24, and to the period of four months after arrival in India allowed under section 25, but not to the additional period of four months which may be allowed for appearance, on payment of a fine, under section 34.

REFUSAL OF REGISTRATION.

64. If the deed has not been presented in the proper office [rule 41 (a)], it shall be simply returned to the presenting party. In this case no entry need be made in Book II.

65. If the executant of a deed who is in doubt about the proper stamp consults a registering officer on the subject before formal presentation, the required information may be given to him without impounding the deed. But any deed formally presented with an insufficient stamp must be impounded.

66a. If the provisions of rule 41 (c) to (g) have not been complied with, or if the presenting party refuses to pay the proper fee, the deed must be returned at once to the presenting party with the endorsement—

"REGISTRATION REFUSED,"

an entry being made at the same time in Book II.

66b. Orders under this rule may be deferred at the request of the parties in order to enable them to comply with the requirements of the law. But in such cases an order of refusal shall be passed if the requirements of the law have not been complied with within the time allowed for presentation under sections 23, 24, 25 or 26, as the case may be.

67. A Sub-Registrar is not authorized by law to refuse to register a document because he is directly or indirectly interested in the transaction to which it relates; but he will always recommend the parties to present such a document at some other office. If the document relates to moveable property only, such other office may be the office of any Sub-Registrar under the same Local Government at which all the parties may desire the document to be registered. If the document relates to immoveable property, such other office will (unless the parties prefer to resort to the Registrar of Calcutta) be the office of the Registrar of the district. The latter officer will (as provided by the note to article K of the table of fees) register such document without charging the usual extra fee. If the parties, after being recommended as above, insist on the Sub-Registrar registering a document in which he is interested, he must do so. In this case he will report the fact for the information of the Registrar to whom he is subordinate.

68. The circumstances under which a document should at once be refused on presentation are given in rules 64-66. A document duly presented and accepted for the purpose of enquiry will not be admitted to registration under the following circumstances:—

- (1) If the executant denies execution. (Section 35.)
- (2) If the executant fails to appear and admit execution. (Section 35.)
- (3) If the person by whom the document purports to be executed be dead, and his representative or assign deny execution. (Section 35.)
- (4) If the person purporting to have executed the document appear to be a minor, an idiot, or a lunatic. (Section 35.)
- (5) If the registering officer be not satisfied of the identity of the person appearing before him, and alleging that he executed the document. (Section 35.)
- (6) If the registering officer be not satisfied as to the truth of the allegation that a person who executed the document is dead. (Section 35.)
- (7) If the admitting agent's power-of-attorney has not been made in accordance with the Act, or if an alleged representative or assign has failed to prove his status. (Section 35.)

Provided that a document executed by several persons shall not be refused registration merely by reason of one or more of the executants denying execution, or appearing to be minors, idiots or lunatics, or being dead; but shall be registered in respect of any of the other parties who admit execution.

69. The reasons of refusal must be recorded by the registering officer with his own hand in Book II, and the particulars should be fully and clearly stated in each case. When one out of several executants declines to comply with the requirements of the law, his name should be given: when the registering officer is doubtful as to the identity of a party admitting execution, the grounds of his suspicion should be stated.

Record of reasons for refusal to register.

REGISTER BOOKS.

70a. The register copy of every document shall be compared with the original by some person other than the copyist, and both the copyist and the comparer shall append their signatures to the copy in the book.

Copyist and comparer to sign their names in registers.

70b. The registering officer shall authenticate by his initials all corrections in the copy and all notes which may be necessary under section 20. He shall also affix his initials to each page, and shall certify with his full signature each copy to be a true one, and shall date such certificate with his own hand.

Authentication of corrections by registering officer.

70c. The copyist in his signature shall use the word "copied," and the comparer the word "compared."

The words "copied" and "compared" to be written by the copyist and comparer respectively.

71a. The practice of wiping out incorrect words and figures with the finger, or scratching them out with a knife, must not be allowed in any registry office. Corrections must always be made with the pen; they must not be made by altering one word or figure into another, but the pen must be drawn through the erroneous words or figures, and the correct ones must be clearly written near or above those struck out, or opposite to them in the right-hand margin. All corrections and interlineations must be attested by the Sub-Registrar's initials, which will be written, not in the middle of the erroneous words or figures, but in a clear space close by.

Mode of making correction.

71b. All interlineations and corrections in the register books shall be made in red ink when the entries are made in black ink, and in black ink when the entries are made in red ink.

Interlineations, &c.

72a. The register books shall have two margins. On the left-hand margin shall be copied in red ink the value of the stamp, the certificate of admissibility under rule 42, and all the endorsements made in the office; in the centre shall be copied the deed itself in black ink, and the right-hand margin shall be left vacant for notes under section 20 and rule 148.

Margins of register books.

72b. The stamp vendor's endorsement on each document shall be copied in red ink in the registers in the centre of the page below the copy of the document itself.

Stamp vendor's endorsement.

73. Several volumes of Register Books I and IV may, if necessary, be kept in use simultaneously, when the documents registered are so numerous as to make this course necessary. Register Books II, III and V shall be continued from year to year until they are full, and in small offices, where the number of documents registered is inconsiderable, the same volume of Register Books I and IV may also be used for two or more years.

Separate volumes.

74. When a book is closed, a certificate to that effect shall be appended at the close of the written portion, and a certificate showing the number of pages written upon shall be entered on the first page.

Certificate of closure.

75. When, owing to omission or error in any document which has been registered, a supplementary document rectifying such mistake or omission is presented for registration, a note of such rectification shall be made in the margin of the register in which the original document is registered.

Supplementary documents.

76. When a document occupies more than one sheet of paper, the seal and signature of the registering officer shall be attached to every sheet at the time that the document is presented for registration.

Documents on more than one sheet of paper.

76a. Any person having occasion to procure the registration of any considerable number of instruments in the same form, such as leases, agreements, or bonds, shall be allowed to deposit in any registration office any number, not less than 50, of printed or lithographed forms of such documents.

Deposit of printed or lithographed documents.

76b. Provided that these forms must be printed or lithographed lengthways on machine-made paper of medium size. Blank spaces must be left in the body and at the foot of the instrument to fill in names, amounts of money, areas, boundaries and any other available particulars. A margin must be left of one inch on the left-hand side for binding. No margin is necessary for copying endorsements, as in the case of other registers, but the forms must contain a blank space of not less than one side of a half-sheet of the paper on which the endorsements shall be copied.

Requisites of such forms.

76c. Before use such forms must be bound into volumes, and paged in the registration office, and a certificate be written of the number of pages contained in the volume. One volume shall be kept for each depositor, and his name be noted outside. The volumes shall be numbered and treated in all other respects as volumes of Book I or Book IV, as the case may be.

76d. On the presentation of a document being an exact duplicate of any form deposited, and being executed by, or in favour of, any one of the depositors, it shall be copied into the volume appropriated to that depositor's forms; that is to say, the blank spaces in the form deposited shall be filled up so as to make it an exact copy of the deed presented.

76e. As an exception to the general rule, priority may be given to the registration of documents presented under these rules. Endeavour should be made to return the document to the presenter before he leaves the office.

COPIES, MEMORANDA, AND SALE CERTIFICATES

77. In addition to the bound volumes of Register Book I, every Sub-Registrar shall keep two file books, in one of which he will file the memoranda of registered documents which have been forwarded to his office under sections 64, 65, and 66, and in the other the copies of the sale certificates received by him from Civil Courts under section 107 of Act XII of 1879, and of instruments and orders received from Collectors under the Agriculturists Loans Act, 1884. Similarly, Registrars shall keep three separate file books—one for memoranda, one for copies under sections 65, 66, and 67, and one for sale certificates and copies of instruments and orders received from Collectors as above. These papers shall be bound into volumes of convenient size at the end of the year. They shall be numbered consecutively, but in a series distinct from that of original registrations in Register Book I.

78. Copies shall be made on paper of the same size and description as that of the bound books. Memoranda shall be drawn up in the prescribed form.

79. Memoranda for sub-districts in another district shall be enclosed to the Registrar of that district, together with the copy required for his own office: but no memorandum need make mention of any property other than that which is situated in the sub-district to which the memorandum is to be sent.

80. When a copy of a document is sent to the Registrar of another district under sections 65-67, a memorandum need not be sent to any Sub-Registrar whose office has been amalgamated with that of the Registrar of such district.

81. The date on which copies and memoranda are despatched under the last two rules shall be entered in the right-hand margin of the book in which the document has been copied.

82. When a memorandum or copy under sections 64-67 is transmitted from one office to another, it shall be accompanied by a receipt in the prescribed printed form, which shall at once be signed and returned by the receiving officer. If delay occurs in the return of the receipt, the despatching officer should send a reminder for it. All such receipts, when returned, should be filed separately.

83. The copies and translations of documents required to be filed under sections 19 and 62 shall be made upon machine-made medium paper which may be sold to the public for this purpose at half an anna per sheet. They shall be kept in a separate file, a reference being made to this in the right-hand margin of the page on which the translation is copied in the register book. The file shall be bound from time to time, when it contains a sufficient number of copies and translations to form a volume. The endorsements under rules 42, 44 and 46, and the certificate under section 60, recorded on the original documents returned to the presentant, shall be entered on the left-hand margin of the register into which the translation is copied, as provided in rule 72c.

Index to Book IV.
No. IV.

87. Index No. IV shall contain the same headings as Index No. I.

Indexes to be in English.

88. All indexes shall be kept in English, and shall be prepared in accordance with the following rules.

89. The indexes shall be kept according to the letters of the alphabet, the entry under each letter being arranged according to the second letter of the word as far as possible, and, where there are two words with the same second letter, according to the third, and so on.

Mode of indexing.

90. If the documents to be indexed are written or executed in English, the names of the persons and places shall be spelt in the same way in which they are written in the documents. If the documents are written or executed in a vernacular language, the spelling shall be regulated according to Sir W. W. Hunter's system of transliteration.

Transliteration.

91. In the case of Europeans, the surname shall be taken as the index word. All native names shall be indexed according to their first letters as they stand in the deed. They will be transliterated in the same form in which they are written in the document. Thus, in Bengali the same affix may be written, either Banurjya or Bandopadhyay, and whichever of these forms is used in the document will be retained and transliterated.

Mode of indexing names.

92a. When a document is executed on behalf or in favour of Government, the index entry shall be made under G. Government, the name of the officer executing the document being entered in the column headed *Addition*; if on behalf or in favour of the Court of Wards, under *W. Wards, Court of*; and in the case of any other Court, under *C.* The names of the companies shall be entered as they stand, the article only being omitted; thus *Land Mortgage Bank of India, Limited* under *L*; *Ganges Steam Navigation Company, Limited*, under *G*.

When a document is executed on behalf of the Administrator-General, the Receiver, the Official Trustee, or the Sheriff of Calcutta, the index entry shall be under Administrator-General, &c.

92b. When a document is executed by the representative or guardian of a private individual, the name of the individual, as well as that of his representative or guardian, shall be indexed.

Entry of representative or guardian.

93. The name of the depositor of a sealed cover shall be entered in Index III in black ink. The name and addition of persons claiming under a will or authority to adopt, which are not indexed until after the death of the testator or donor, should be entered in red ink.

Mode of indexing in Index III.

94. When there are two or more executants or claimants, their names shall be separately entered in Index I, III, or IV. Similarly, when two or more properties are conveyed by a single document, they shall be separately entered in Index II. But no Sub-Registrar need enter in his Index II any property which does not lie in his own sub-district.

Two or more names in one document to be indexed separately.

95. Copies and memoranda of documents, sale certificates and copies of instruments and orders received from Collectors under rule 77 shall be indexed in the same way as original documents, but the entries relating to them shall be made in red ink. In Index No. I the names of the decree-holder, auction-purchaser, and judgment-debtor shall be indexed from sale certificates, and the names of the parties from memoranda.

Indexes of copies, memoranda, and sale certificates.

96. In all offices other than sadar offices one copy of Indexes I, II, III, and IV shall be made for office use in a bound volume, and a duplicate of the entries made each month in Indexes I and II shall be submitted at its close to the District Registrar.

Duplicate indexes when to be sent to Registrar.

97. The Registrar on receiving Indexes I and II from Sub-Registrars shall incorporate them in his own indexes, noting the place of registration of each document.

How to be dealt with in District Office.

A copy of entries in Index III to be sent to Registrar annually.

98. A copy of the entries in his Index III shall be sent to the Registrar by each Sub-Registrar at the end of every calendar year.

FEEES AND FEE-BOOK.

99. A printed table of fees in English and in the vernacular of the district shall be suspended in some conspicuous place in every registry office.

Table of fees under section 79.

100. Columns 1 to 7 and 13 in the fee-book should be filled up as soon as any document is presented, except in the case of documents presented at the wrong office and returned immediately under rule 64, and in the case of documents impounded under rule 41; columns 8 and 9 should be filled up as soon as a document is admitted or refused; columns 10 and 11, as soon as registration has been completed; column 12, as soon as the document has been delivered; and column 14, as soon as the required copies and memoranda have been despatched.

Fee-book.

101. Fees levied on documents presented for registration (whether registration has been deferred or not) shall not be retained in the personal custody of any registering officer for any time longer than may be absolutely necessary. They shall be dealt with in the same way as other public money, and be paid into the nearest Treasury. From district and subdivisional offices the fees shall be remitted to the Treasury daily: from rural offices they shall be sent to the Treasury twice monthly or at such shorter intervals as the Registrar shall direct. In all cases remittances to the Treasury should be accompanied by the chalan book duly filled up in duplicate. One copy of each chalan will be then kept by the Treasury officer, and the other returned with his signature.

Remittance of fees to Treasury.

102. The receipts entered in the fee-book need not be entered in detail in the cash-book: their daily totals will be sufficient. But all other receipts, and all payments whatsoever, must be entered in full detail in the cash-book. All cash received must at once be entered either in the fee-book or in the cash-book. No money should under any circumstances be kept out of account. The cash-book should be balanced every day, and signed after careful examination by the registering officer.

Mode of keeping cash-book.

Previous sanction of Inspector-General to be obtained for destruction of documents, &c.

115. The register-books and indexes of the general registry office under Act XVI of 1864 and Act XX of 1866 shall be preserved in the Calcutta registry office.

Registers of the general registry office.

APPLICATIONS FOR SEARCH OR FOR COPIES.

116. All applications for search or for copies should be made to the registering officer himself. If an application is made in writing, the registering officer should initial it at once, giving the date. If an application is made *vide voce*, the registering officer should write on a slip of paper "Give copy," or some such brief order, adding his initials and date. All such applications and orders should be preserved on a separate file, the date on which a search has been made or copy completed being noted. Applications made through Sub-Registrars for copies from registers deposited in the district office must be in writing, and should be at once transmitted to the Registrar for compliance. No stamp is required on applications for searches or copies.

Procedure in cases of applications for search or for copies.

117. Registrars shall permit search and grant copies of entries in the registers kept up previous to the enactment of Act III of 1877, at the same rate of fees and to the same extent as in the case of registers under that Act.

Registers kept previously to Act III of 1877.

118a. A call for information from any Court or Revenue authority shall, if it necessitates search in the registers, be accompanied by the necessary fee for search, but officers of Government shall be permitted to inspect the registers without fee. On the occasion of the annual enquiries prescribed by Government regarding the securities of ministerial officers, the usual fee must be paid when the search is made by clerks of the registration office, but no fee will be charged if the search is made by a clerk deputed by the officer making the enquiries.

118b. If the production of a register book in any Court is required, it shall be produced by an officer of the registration establishment deputed for that purpose, who will be entitled to claim payment of his expenses like any other witness.

INDENTS.

119. Before the 15th June of each year, every Sub-Registrar shall submit to the Registrar to whom he is subordinate an indent in the prescribed form for all register books and other registration forms, which will be required in his office during the following calendar year.

120. Every Registrar shall submit to the Inspector-General on or before the 1st July of each year an indent in triplicate in the prescribed form for all register books and other registration forms, including the forms prescribed by the Accountant-General, which will be required for his own office and for those of the Sub-Registrars subordinate to him during twelve months from the 1st March to the 28th February following. When it is desired that the supply of register books, &c., should be forwarded to any sub-registry office direct instead of being sent through the office of the Registrar to whom the Sub-Registrar is subordinate, an intimation to that effect should accompany the Registrar's indent, and the indents of such Sub-Registrars should be submitted separately in triplicate with the Registrar's endorsement instead of being embodied in the Registrar's indent. A supply of new register books required to be opened on the 1st January of each year should be included in this annual indent. The indents will be forwarded by the Inspector-General to the Superintendent of Stationery, after being checked and countersigned, by the 1st September.

121. When delay occurs in supplying register books and other registration forms, reminders should be addressed, not to the Inspector-General of Registration, but to the Superintendent of Stationery, the number and date of the Inspector-General's order being quoted. Reminders are useless without it.

122. Rural Sub-Registrars may be supplied with registration ink and other stationery from the district office at cost price, which should be ascertained from the Superintendent of Stationery. The machine-made medium paper required for copies under sections 64 and 65 will be supplied to them gratis. They are also supplied with registers, index books and printed forms free of charge.

123. The cost of sending the registers, &c., from the Stationery Office to the offices of Rural Sub-Registrars, which are situated at a distance from Calcutta, is borne by Government, and the charge is met from the provision made in the budget for the Registrar's office contingencies.

124. Before the 1st March in each year, all District Registrars should send to the Inspector-General an indent in duplicate in the prescribed form for the stationery (including registration ink) which will be required for the registry offices in their districts during the next twelve months. Indents from Sub-Registrars should be submitted to the district office at least fifteen days before the 1st March. The Registrar's indent should include all ink and other stationery likely to be required by Rural Sub-Registrars under rule 122 above. The indents will be forwarded by the Inspector-General to the Superintendent of Stationery, after check and countersignature, by the 1st April.

SALARY BILLS.

125. Registrars and Sub-Registrars, who are paid by fixed salaries, will draw their pay in Accountant-General's form No. 297, and the bill may be paid without the countersignature of superior authority.

126. Sub-Registrars who are wholly or partly remunerated by a commission on the number of documents will draw their commission at the end of each month in Accountant-General's form No. 314, upon such documents only as shall have been completed during the month. Documents presented but still pending at the close of the month or refused registration shall be excluded; but if they are eventually registered, the fees previously credited in respect of them will be brought into the commission account for the month in which they are completed. Commission bills require the Registrar's countersignature before the payment.

127. If an officer of Government is appointed *ex-officio* Sub-Registrar during the temporary absence of a Special or a Rural Sub-Registrar, he may draw his commission at the end of each month on the bill countersigned by the Registrar. If the duties of the sub-registry office are ordinarily performed by an officer of Government *ex-officio*, the commission

is payable half-yearly, and the bills require the countersignatures of both the Registrar and the Inspector-General of Registration. The commission bills are to be prepared in Accountant-General's form No. 285. An *ex-officio* Sub-Registrar is entitled to commission at 25 per cent. of the fees, but his total commission in any one month will not exceed Rs. 100 or Rs. 600 for the half-year. Commission on the fees will be allowed on those documents only which have been accepted for registration, and not on those that are refused or pending. Credit is at the same time given by the form for the fees on documents which, having been thus excluded from the bill for the half-year in which they are presented, are nevertheless registered in the subsequent half-year.

128. When an officer is temporarily placed in charge of the office of a Special or an *ex-officio* Sub-Registrar during his absence on casual leave or on inspection duty in the interior of his district, he is not entitled to draw commission, but the commission for that period shall be retained by the Special or the *ex-officio* Sub-Registrar.

Officers temporarily in charge of Sadar Sub-Registrar's office not entitled to commission.

ESTABLISHMENT BILLS.

129. Salary bills for permanent establishments will be drawn in Accountant-General's form No. 298 or 299* by the head of the office. They do not require the countersignature of any higher authority.

Permanent establishment.

130. Bills for extra establishments paid by salary may be drawn in the same way as those for fixed establishments in Accountant-General's form No. 316, the orders sanctioning the entertainment being

always quoted in the bill.

131. Whenever special establishments are entertained, whether they are paid by salary or at contract rates, a weekly progress statement must be submitted to the Inspector-General in printed form No. 42.

Weekly progress statements of extra establishments.

PERMANENT ADVANCE.

132. A permanent advance, not exceeding Rs. 200, will be allowed for each District Registrar on account of (1) contingencies, (2) service postage, and (3) refund of registration fees; but he need not draw the full advance of Rs. 200 where his ordinary expenses fall much below that amount. The Registrar will apportion the amount drawn according to the requirements of each subordinate office, care being taken that a sum is allowed sufficient to meet charges for refunds only, because in the case of rural offices contingent charges will be defrayed by the Rural Sub-Registrars, and in other sub-registry offices they should be met from the advance for general purposes received from the Accountant-General. In case of dismissal or death of Rural Sub-Registrars, the District Registrar will be held responsible for the amount of the advances made by him. On the 15th of April each year the District Registrars will send an acknowledgment of the entire advance to the Accountant-General, Bengal, in the printed form supplied by him.

133. The advance received by a Sub-Registrar will never be repaid into the Treasury, but recouped from time to time, when necessary, by the submission to the Registrar of an abstract bill or bills supported by needful vouchers. On the first office day after the 1st April in each year, the officer receiving the advance will forward an acknowledgment of its receipt to the District Registrar. Whenever there is a change of incumbency, the relieving officer shall also address to the Registrar an acknowledgment in the following form:—

Charge certificate.

“To the Registrar of
“We, the undersigned, have the honour to report that we have this day, at o'clock in the forenoon (or afternoon), respectively delivered over and received charge of the office of Sub-Registrar of _____, and that we have examined the registers and seen that all entries have been properly authenticated up to date.

Relieved Officer.

Relieving Officer.”

“And I, the relieving officer, acknowledge to have received Rs. _____ of the permanent advance, and that the full amount of such advance is due from, and to be accounted for by, me. I also hereby declare that I have compared the registers and books with the catalogue and found them correct, and that I have recorded a certificate to that effect in the catalogue.

* Accountant-General's form No. 299 is intended for use in small offices.

In case of transfer of charge by a Registrar, a report shall be made to the Inspector-General of Registration in the following form, and a similar certificate shall be sent to the Accountant-General by the relieving officer:—

“To the Inspector-General of Registration—

Relieving Officer.”

Dated the 18 .

134. The rules regulating contingent charges are contained in the Accountant-General, Bengal's Order No. 1, Chapter III, Part I, of Standing Orders, and the procedure laid down therein should be followed in regard to each expenditure.

144. The disbursing officer is responsible for keeping and reproducing, when required, any sub-vouchers of his expenditure under contract contingencies, except those which he is authorized (Article 88 of the Civil Account Code) to destroy.

145. A bill must always be drawn on or immediately before 31st March of each year for all expenditure under contract contingencies up to date. Money drawn from the Treasury after that date comes out of the allotment of the next year, and it is contrary to the principles of the scheme that expenditure incurred in the current year should be in any way held over, after being incurred, to be paid out of the allowances of the next year. This final bill will produce a total which either exceeds, equals, or falls short of the total allotment. For any excess the drawing officer is personally responsible, and unless he can procure exemption from the Government, the amount will be recovered from his personal allowances.

146. No charges for printing may be incurred without the special sanction of the Inspector-General. Such printed forms as are necessary will be printed at the Presidency Jail Press under the authority of the Inspector-General.

147. English stationery procurable from the Stationery Office may not be purchased in the local market, but charges for petty articles, such as sealing-ink, paste, thread, country-paper, &c., may be included in the monthly contingent bill.

MISCELLANEOUS.

148. When the executant of any document appears personally, he shall be required to attest all interlineations, blanks, erasures or alterations. When he appears by agent, &c., the attestation of such agent, &c., shall be accepted, unless the interlineations, &c., are of an important character. A registering officer shall also be at liberty, on due cause being shown, to accept the attestation of an agent, &c., even in the case of important interlineations, &c.

149. When a document is presented, or the execution is admitted, more than four months after execution, the Registrar may either register the document himself, in which case an extra fee under article K of the table of fees, as well as the penalty under article O, shall be levied, or he may direct its registration (on payment of the penalty under article O) by any Sub-Registrar in whose office it could have been registered if presented within four months. In such cases the date on which the application was made to the Registrar shall be regarded as the date of presentation.

150. Every Sub-Registrar shall sit daily during certain hours, which shall be approved by the Registrar and made known to the public by a notice in some conspicuous place outside the office. The holidays to be observed in registration offices shall be those which are gazetted by the Government under section 25 of the Negotiable Instruments Act, XXVI of 1881, and those specified in the section itself.

151. Applications for the remission of fines under section 70 may be filed with the registering officer, but no such application shall be received until the fine has been paid. The application shall be forwarded to the Inspector-General with any remarks which the registering officer may wish to make.

152. Registering officers shall take care that their clerks have no dealings with the public, except in their presence. They shall themselves receive documents which are tendered for registration, and when they are registered, shall return them with their own hands.

153. The serial number of the last document completed and ready for return shall be daily exhibited in the prescribed printed form in some conspicuous place outside every office.

154. A catalogue in the prescribed form shall be kept up and permanently prescribed in every registry office. On the occasion of every permanent change in the incumbency, the officer receiving charge should compare his books with the catalogue, and certify therein that he has found them correct.

155. All official letters and covers sent by post from any sub-registry or district registry office must be prepaid by service labels. These labels will be supplied to Sub-Registrars (on application) by District Registrars, who will disallow unreasonable and excessive demands. A monthly statement of the distribution of service labels should be submitted by each District Registrar for the information of the Inspector-General. The cost of these labels will be met from the consolidated advance mentioned in rule 132.

156. Bills, monthly returns, and regular indents should not be accompanied by covering letters. The envelopes containing them should be marked "Returns." Letters and urgent indents should be separately sent.

157. A duplicate bill should never be submitted unless the original is lost in transit or otherwise, in which case a certificate should be attached to the effect that the bill has not been cashed at the Treasury. The previous sanction of the Accountant-General to its payment must be obtained before such a bill is presented for encashment at the Treasury.

158. Travelling allowances of registering officers and their clerks will be drawn in Accountant-General's forms Nos. 303 and 304, respectively; and in both cases they must invariably be submitted to the Inspector-General for countersignature before payment, whatever may be the amount of the bill.

159. When ministerial officers of the Department are deputed to give evidence or to produce records before any Court, applications for the payment of their travelling expenses should be made to the Registrar of the district.

160. The security bonds of head-clerks should be examined at the close of each financial year, and the result reported to the Inspector-General.

To Contractors.

SEALED tenders in duplicate will be received by the ordnance officer in charge, Madras Arsenal, up to 18th November 1895, for supply to the Arsenal of the undermentioned articles (more or less), in whole or in part, from 1st April 1896 to 31st March 1897.

2. Printed forms of "Lists or Schedules" of the stores (in whole or in part), for the supply of which tenders are invited, and the form of contract deed which, in the event of a tender being accepted, must be signed by the contractors, are procurable at this office daily (Sundays and holidays excepted).

3. Tenders will only be received on these forms, two of which are procurable on application in writing to the undersigned, accompanied by the cost thereof, viz., Rs. 2.

4. These lists or schedules should be in duplicate and in English, and should specify in words as well as in figures the rate at which the article named in them will be delivered, and should be accompanied by a statement that the tenderers have submitted samples of the articles they tender for. Fractional parts of pies in rates will not be accepted. Rates to include cost of delivery at Madras.

5. Tenders should be accompanied by a deposit of Rs. 2 per cent. in Bank receipt or Government promissory notes as earnest money up to a maximum of Rs. 2,000, which deposit will be returned on execution of the contract deed or rejection of the tenders.

6. Tenders not complying with these conditions will be rejected.

7. The approval or rejection of tenders rests with the Inspector-General of Ordnance, who reserves to himself the right of rejecting any tender or any items in any tender without explanation.

accepted at the contract rate which are in any way inferior to the sample in their individual value. Each hide will, however, be judged by its own aggregate merits against the sample, so that a better grown hide than sample will not be rejected on account of small blemishes not present in the sample.

Any number (not less than two) of samples of each quality may be tendered. Two only will be selected, one for retention in arsenal to govern supply, and the other to be returned to the contractor. Samples should be provided with labels showing (1) name of contractor, (2) description of hide or skin, and (3) weight.

Such appeal shall be presented to the Court of Small Causes within thirty days from the date of the order passed under section 66H, and shall be accompanied with an extract from the register of objections containing the order objected to.

(2) No appeal shall be admitted, unless an objection has first been taken in accordance with the provisions of section 66G.

66J. The valuation by the Corporation of Calcutta, when no appeal therefrom is made, as hereinbefore provided, and the adjudication of any appeal under the last preceding section, when such appeal is made, shall be final and binding.

66K. (1) The valuation so made by the Corporation of Calcutta, subject to such alterations as may from time to time thereafter be duly made, shall be entered in a book to be called the assessment-book, and to be kept at the office of the Corporation, and in the same form, as far as may be, as the rent register of the Commissioners.

(2) A copy of such book and of all entries therein, as modified from time to time, shall be supplied to the Commissioners, and shall be open to inspection between the hours of 11 A.M. and 5 P.M., at the head office of the Commissioners.

(3) A special notice, including an extract from the assessment-book showing the valuation of each building or structure, and stating the time within which an objection shall be lodged, shall, on the completion of the valuation under sections 66A to 66F, both inclusive, be given by the Corporation to the owner of such building or structure.

(2) The Corporation of Calcutta may without notice strike out the name of any person or the description of any building or structure not liable to the rate, or may reduce the amount of the valuation.

(3) All such changes shall be notified to the Commissioners, and to the owner of the building or structure in the manner provided in section 66K, and the provisions of sections 66G, 66H, 66I, and 66J, shall, so far as may be practicable, apply.

66M. (1) The Commissioners shall during the first month of each succeeding quarter pay to the Corporation of Calcutta the consolidated rate so assessed for the previous quarter for such portion of the previous quarter as the Commissioners' land was occupied by each tenant and the liability for rent incurred:

Payment of rate by the Commissioners to Corporation.
Provided that, unless notice of the termination of a tenancy during a quarter has been given by the Commissioners to the Corporation of Calcutta within one month of such termination, the Commissioners shall be liable for the whole consolidated rate assessed in respect of such quarter.

(2) Before paying the consolidated rate assessed to the Corporation of Calcutta, the Commissioners shall deduct and retain a sum equal to one-eighth of such rate.

(3) For the recovery of any such sum, the Corporation of Calcutta shall have all such and the same remedies, powers, rights and authorities as they possess under the Calcutta Municipal Consolidation Act, 1888.

66N. (1) The Commissioners may recover from the owner of any such building or structure the whole of the rate so assessed, as hereinbefore stated, by the Corporation of Calcutta, in respect of any such building or structure.

(2) They may further recover from the tenants of the land assessed under sections 59 to 65 (both inclusive), an amount not exceeding one-half of the whole of the consolidated rate so assessed by the Corporation of Calcutta, in respect of such portions of the land as shall have been leased to such tenants.

At the close of the year account must be taken of the number of persons under each head of crime, whose cases are pending in order to complete the entries to be made in Annual Statement No. 2.

This Register, as will appear from the instructions above, is intended to facilitate the preparation of Annual Statement No. 2, and the instructions regarding the preparation of the latter, reproduced at page 260, require that it, and, therefore, also columns 6 and 7 of the Register should include all offences (cases) of which information was given, complaint made, or cognizance taken under Chapters IV, V, XIV, and XVI of the Criminal Procedure Code, * * if they were alleged to have occurred in the district, although some of the cases may not have been made the subject of judicial proceedings or may have turned out to be false. [General letter No. 1 of 6th June 1893.] All the instructions regarding the preparation of the Annual Statement referred to above should also be observed in writing of this Register.

The column headed "Brought to trial during the year" is intended to show only cases brought to trial during the period to which the return prepared from this Register relates, and is not intended to include cases pending at the commencement of such period.

INSTRUCTIONS FOR WRITING UP STATISTICAL REGISTER I.

This Register is intended to facilitate the preparation of Annual Statement 2, and the following instructions should be observed in writing it up.

General.

Apart from certain miscellaneous proceedings under the Criminal Procedure Code, this Register has reference to *Judicial* work alone, High Court having no supervision of police work in any shape.

Offences under each head of crime as specified in the "SCHEDULE OF OFFENCES," reproduced at pages 254 to 258 *infra*, should be entered in a separate page or pages, as may be necessary. No cases under the Code of Criminal Procedure, except those indicated in it, must be entered. The list given of offences under "Special and Local Laws" is not meant to be exhaustive. Separate pages should be provided, and arranged in alphabetical order, for each law against which it is alleged that offences have been committed. Separate pages should also be provided for attempts, where not separately specified in the schedule. Abettments should be included in the pages provided for the substantive offences abetted. In the pages provided for heads of crime numbers 8 and 10, an entry should be made in the column for remarks of the persons dealt with summarily under the provisions of Chapter XXXV of the Code of Criminal Procedure; and in the pages provided for other heads of crime, an entry of the cases in which the complainant was required to pay compensation to the accused under section 560 or the defendant, in addition to the punishment inflicted upon him, was required to give recognizance or security to keep the peace under section 106. In the page provided for head of crime 75—"Security for good behaviour," a note should be made in the column of the cases in which the orders of the Court of Session were taken under section 123.

The case of an insane accused who has been sent to a lunatic asylum should be kept on the file until he has been tried and either acquitted or convicted, but entries relating to the cases of escaped prisoners should be struck out. On the recapture of the latter, their cases should be entered as new cases.

The final result of trial as regards each person will determine the head of crime under which entries regarding him are to be made, and the Magistrate who disposes of the case should, in case of doubt, himself give the necessary directions. In the case of complaints dismissed under section 203, Criminal Procedure Code, or where the charge is found to be false or the facts alleged do not amount to an offence, the head of crime should be that of the offence substantially imputed. Where an accused is tried under more than one head of crime, he should be exhibited under the principal one only, unless he happens to be accused of entirely distinct offences supported by separate evidence, in which case the trials would be separate and the results independent.

Cases should be entered in the Register as final orders are passed; cases pending at the close of the previous year in columns 1, 2 to 6, and in column 8, 9 or 10; cases instituted during the year in columns 1, 2 to 5, 7, and in column 8, 9 or 11. The series in column 1 will be continuous, and with the exception of columns 2 to 5, the entries in the other columns up to and inclusive of column 13 will be in the form of a separate series for each column. At the close of the year pending cases will be added in columns 1, 2 to 5, 7, 12, and also, necessary, in column 13, in which case the persons concerned should be entered in column 17. The aggregate of the final entries in columns 8 to 12 should agree with those of columns 6 and 7. The last entries in columns 6 to 13 and the totals of columns 14 to 17 will be the figures required for the corresponding columns of Annual Statement 2.

Note.—This Register should not be kept in the form of a bound book, but the pages for the different heads of crime should be kept together and insertions and additions made as required.

Regarding the filling up of the several columns.

- Columns 2 to 5.—The number of the case as given in Primary Registers 1 to 4 should be entered in these columns.
- Column 6.—Enter all offences (cases) pending at the close of the previous year.
- Column 7.—All offences (cases) of which information was given, complaint made, or cognizance taken under Chapters IV, V, XIV, XVI, Criminal Procedure Code, for the first time during the year, are to be shown, if alleged to have occurred in the district, although some of the charges may not have been prosecuted, or may have been found to be false, provided that the cases were dealt with by a Magistrate in his judicial capacity.
- Column 8.—Enter all complaints (cases), inclusive of cases reported during, and pending at, the close of the previous year, dismissed under section 203, Criminal Procedure Code, during the year.
- Column 9.—Enter all cases other than those shown in column 8 in which during the year a Magistrate declared that the charge was false or that the facts alleged did not amount to an offence, or that the offence never occurred, inclusive of cases pending from the previous year and so dealt with during the year. Include cases in which the complaint was adjudged to be frivolous or vexatious, and the complainant was fined under section 560, Criminal Procedure Code. Exclude charges rejected by the police, unless a Magistrate declared them to be false, acting in a judicial capacity and not as a police officer.
- Column 10.—Enter cases found to be true during the year out of those entered in column 6. (This information, though required by the Court, is not required by the Government.)
- Column 11.—Enter cases found to be true during the year out of those entered in column 7.
- Column 12.—The entry in this column should be the balance of the cases entered in columns 6 and 7 after deducting those entered in columns 8, 9, 10, and 11.
- Column 13.—Is intended to show only cases brought to trial during the year, and should not include cases pending at the close of the previous year.
- Columns 13 to 17.—No person who has not appeared personally or by agent in Court is to be included in Annual Statement 2, but all persons who have appeared, whether in obedience to summons, warrant, or other process, or voluntarily, to answer a criminal charge should be shown as under trial. So also, persons discharged from bail taken under section 169 without appearing before a Magistrate should not be entered. Accordingly, those cases only in which an accused person has appeared personally or by agent before a Court, and the persons who so appeared, are to be entered in these columns. Persons remaining under trial at the close of the previous year and those received by transfer from other districts during the year should be included in columns 14 to 17.
- Columns 14 and 15.—These columns are intended to show the result of trials in Magistrates' Courts as regards persons whose cases were disposed of by Magistrates, and in Courts of Session as regards persons whose cases were disposed of by those Courts. In cases referred by Subordinate Magistrates under sections 347 and 349, by Deputy Commissioners under section 34, by Assistant Judges under section 31, and by Courts of Session under sections 307 and 374, Criminal Procedure Code, the results to be shown are those of the Court which received and dealt with the reference. Should this Court not have decided any case by the end of the year, the person concerned in the case should be entered in the column "Remaining under trial at the close of the year."
- Column 16.—It is not intended that any person should be entered in this column as disposed of by transfer unless the transfer was from one district to another, or from one kind of Court to another,—as for example, from a Civil or Revenue Court under section 482 of the Criminal Procedure Code.
- Column 17.—Persons remaining under trial in Courts of Magistrates and in the Courts of Session in cases of commitment to those Courts, as also the persons whose cases were referred to a Superior Court, alluded to in the instructions regarding the filling up of columns 14 and 15, and undecided at the close of the year, should be entered in this column.
- Column 18.—In this column should be noted the names of the Courts or districts to which the cases of any of the persons entered in column 16 were transferred.

Note.—This Register should not be kept in the form of a bound book, but the pages of the different heads of crime should be filed together and additions and insertions made as required.

INSTRUCTIONS FOR PREPARATION OF ANNUAL STATEMENT 2.

Column 1.—The printed schedule of offences must be adhered to. No cases under the Code of Criminal Procedure except the indicated in it must be entered in the body of this statement. In the column of remarks it may be noted how many of the persons entered against headings 8 and 10 were dealt with summarily under the provisions of Chapter XXXV of the Code of Criminal Procedure; in how many cases, entered against other heads, the complainant was required to pay compensation to the accused under section 560, or the defendant, in addition to the punishment inflicted upon him, was required to give recognizance or security to keep the peace under section 106; in how many cases, entered against heading 75, the orders of the Court of Session were taken under section 123. The list given of offences under "Special and Local Laws" is not meant to be exhaustive. Separate entry should be made, in alphabetical order, of each law against which offences have been committed. Attempts where not separately specified in the schedule should be entered immediately after the offences at which they are attempts. Abetments should be included with the substantive offences abetted.

Column 2.—In this column the index number of the head of crime given in the printed schedule should be entered.

Columns 7 to 12.—Those cases only in which an accused person has appeared personally or by agent before a Court, and the person who so appeared, are to be entered in these columns.

Columns 8, 9 and 10.—The final result of trial as regards each person will determine the heading in column 1 against which he is to be entered. Where an accused is tried under more than one head of charge, he should be exhibited under the principal charge only, unless he happens to be accused of entirely distinct offences supported by separate evidence, in which case the trials would be separate and the results independent.

Columns 9 and 10.—These columns are intended to show the result of trial in the Magistrate's Court as regards persons whose cases were disposed of by Magistrates, and in the Court of Session as regards persons whose cases were disposed of by the Court. In cases referred by Subordinate Magistrates under sections 347 and 349, by Deputy Commissioners under section 34, by Assistant Judges under section 31, and by Courts of Session under sections 307 and 374, Criminal Procedure Code, the results to be shown are those in the Court which received and dealt with the reference. Should this Court not have decided the case by the end of the year, it should be entered as "remaining under trial."

Column 11.—In the column of remarks the names of the Courts or districts to which any cases were transferred should be noted, in order that it may be ascertained that they have been properly entered in the returns of the latter.

Column 12.—Committed cases, which had not been decided at the close of the year, will be entered as pending in the column, as well as the referred cases above alluded to.
